Hi Gail,

Sorry for my slow response. Somehow I missed your e-mail. Yes, you are correct in your thinking. I am only working on the project and not in charge of the program so I will double check to see if there is any additional data required.

Good Afternoon Carolyn,

I explained my dilemma to Bob Powell, who has suggested I take my questions to the coordinators. So here I am. One of the problems I have had with the CRC schedule is not knowing exactly what you want when I receive only a Program/Discipline Codes, especially when they are the old or new codes mixed.

For HCA, I am assuming you want Health Care Administration (old code HEA)

* HCA.AAS Health Care Administration
* HCA.CA Health Care Administration Certificate of
Achievement

Are there any other elements?

Please help me clarify this issue so I can put the appropriate data together.

Thanks,

Gail M. Foster

**Oakland Community College
Degrees Trends Report
Health Care Administration (HEA)
1992-93 through 2001-02**

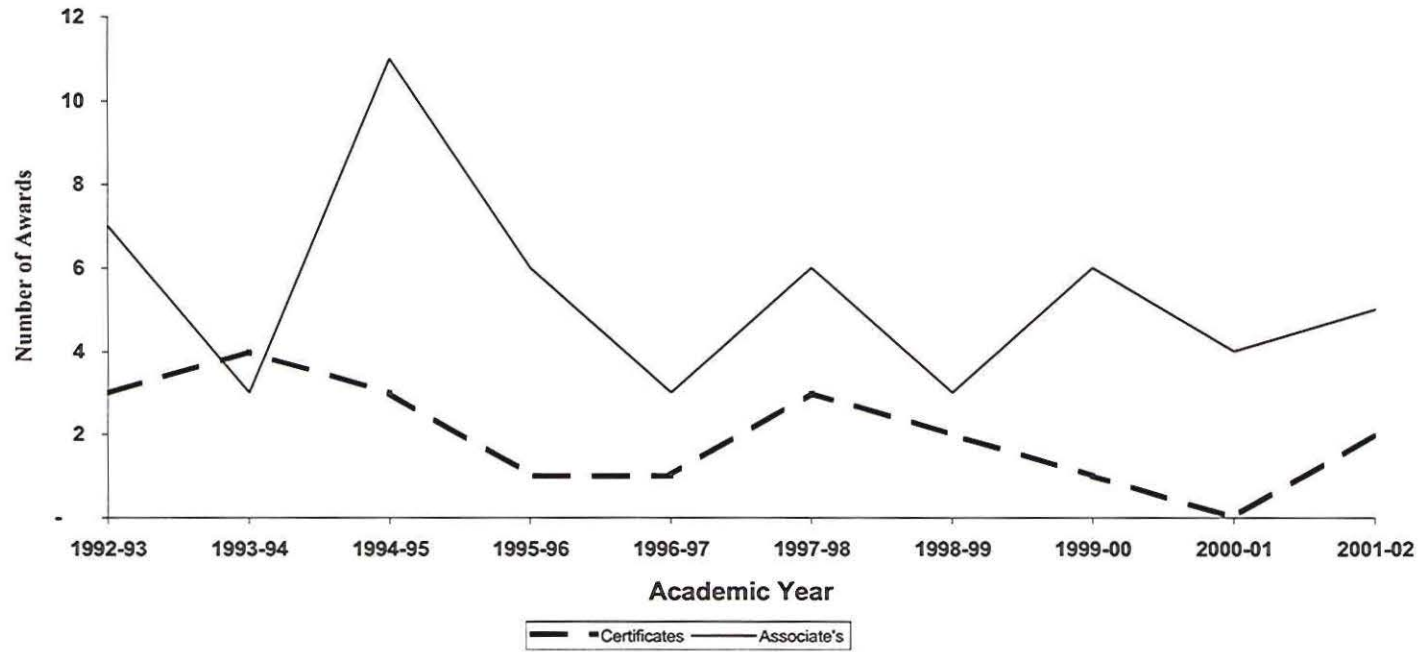

The Degree Trends Report is developed by the Office of Institutional Research based on data compiled from official college records which are submitted to the State of Michigan for IPEDS (Integrated Post-Secondary Education System) Annual Degrees Conferred Report. The Degrees Trends Report examines trends of OCC degrees, based on specific programs. The standard format offers information on certificates and associate's degrees awarded. In the event that a given program offers only a certificate or an associate's degree, information describing the other type of award will not be provided.

Trends over a specified period of time are illustrated by the following graphs for Health Care Administration (HEA)

- Ten year trend showing the annual awards conferred in Health Care Administration
- Rate of change in annual awards conferred in Health Care Administration
- The three year Moving Mean for annual awards conferred in Health Care Administration
- Ten year trend in awards conferred collegewide.

Credit Hour Trends Report
Health Care Admin.
1992-93 through 2001-02**

Each year the Office of Institutional Research prepares the Credit Hour Trends report, based on data submitted to the State of Michigan in the annual ACS-6 (Activities Classification Structure) process. This report is based on each course section's official count date (1/10th Day). The Credit Hour Trends report examines annual (July 1 - June 30) enrollment trends of OCC disciplines, based on course prefix codes.

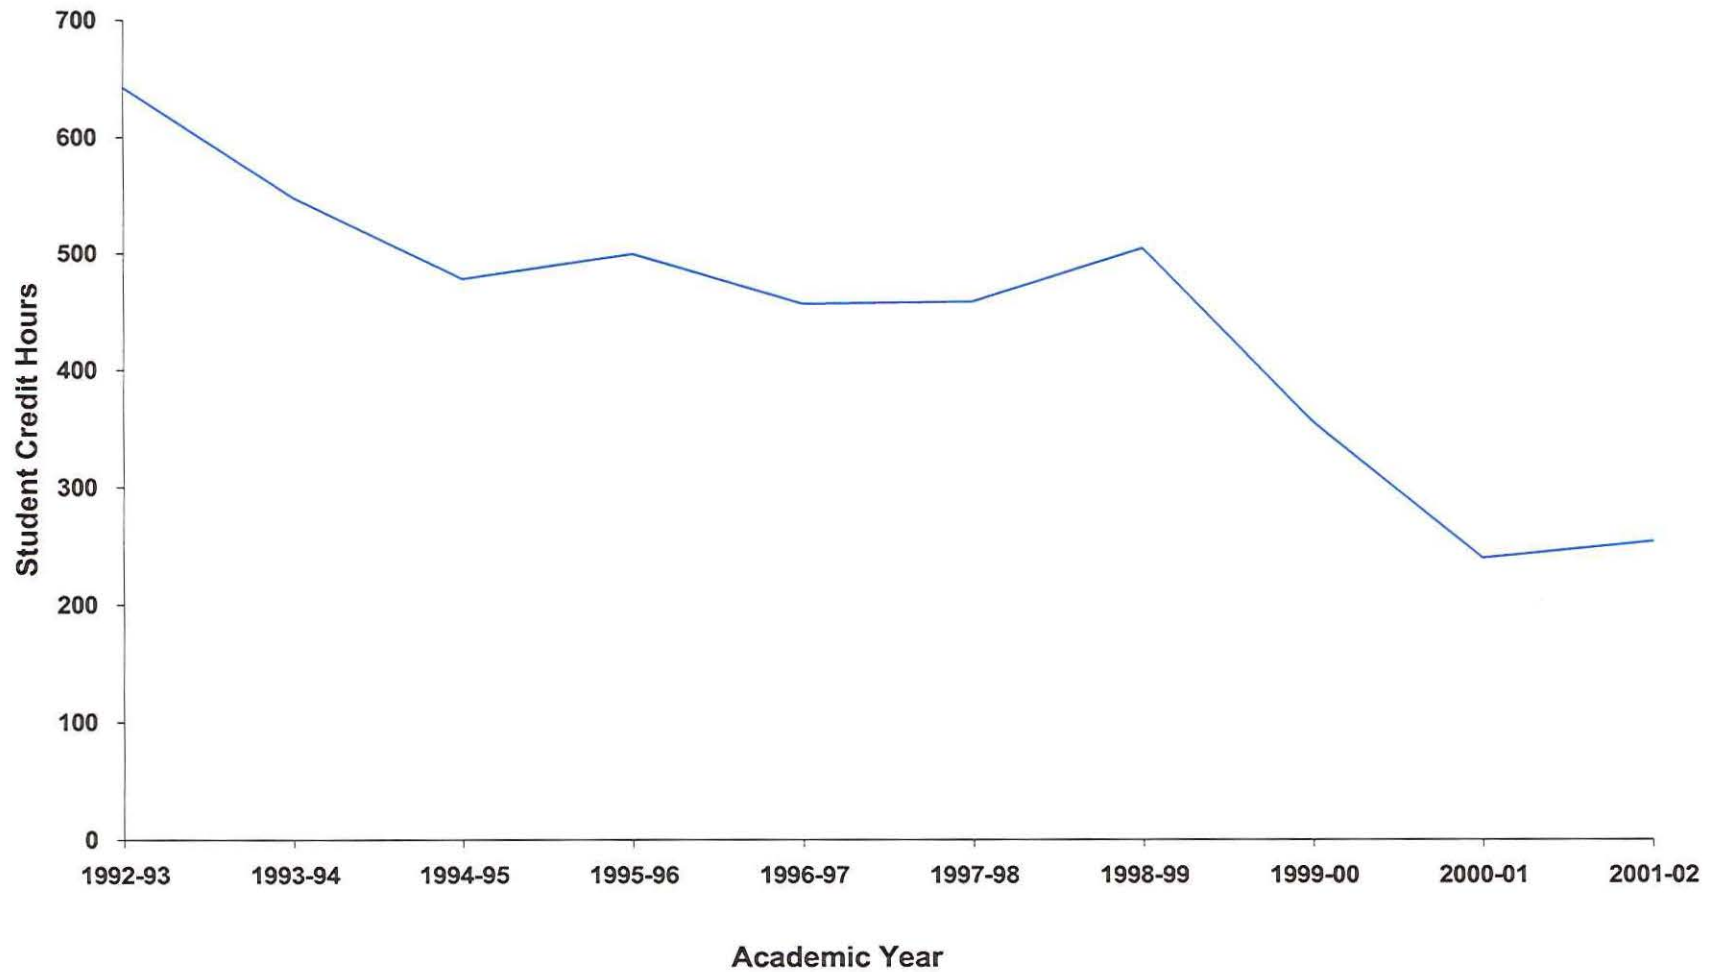

Trends over a specified period of time are illustrated by the following graphs for Health Care Admin..

- Graph depicting ten year trend in student credit hours generated by Health Care Admin.
- Graphs depicting 3-year moving mean and rate of change in student credit hours for Health Care Admin..
- Ten year trend in annual credit hours generated Collegewide.
