LADIES' WORK

The devoted Christian woman, "Given to good works," working quietly and humbly in her own sphere of activity, as given to her by the Lord, can accomplish unmeasurable good in the local program of work of any congregation of the Body of Christ.

The women of the Dearborn church of Christ realize both their proper sphere and the good that they can accomplish. The ladies have chosen Thursdays as the time set aside for the accomplishing of the good works in which they labor. During their spring meetings, a Bible class was had as the beginning of their day's work. For further details of the class see article so entitled under the Section, "Bible and Training Classes."

During the summer months our ladies do not meet. However, soon after school began in the fall, these meetings were resumed, meeting every first and third Thursday. The work activity was revamped with longer days being put in. They now meet from 10:30 a.m. until 3:00 p.m., with a pot-luck lunch at noon. Their activity is two-fold: benevolent and visitation.

During 1952, the women meeting on the designated Thursdays accomplished more than any previous year of their meetings and work. For this we are thankful.

In addition to the Ladies' Bible Class that met in the spring, our ladies accomplished the following good work during 1952:

Gathered, mended and prepared several large boxes of used clothing; made two dozen dish-towels and aprons; all for Potter Orphan Home at Bowling Green, Kentucky. (At present they are making 14 table cloths for the Home's dining room.)

Two boys at Potter Orphan Home were completely outfitted in clothing this past year. Up to last spring we had been doing this for three boys, but two left the Home and we were given only two to replace the three as we had been doing.

Six large boxes of used clothing were prepared and sent to the church at Las Vegas, New Mexico, for relief work among the Navajo Indians. This work by the Las Vegas church has resulted in many conversions.

Seven large boxes of used clothing were sent to Korea.

Prepared dishes of food and took into homes where there was either sickness, or bereavement of death.

Assisted in homes with housework, errand running, and care where illness made this assistance necessary.

Did visitation work in connection with our personal work program calling upon visitors to our services, new members, or the sick.

Through our ladies meeting the first and third Thursdays during 1953 we anticipate even greater accomplishments than during 1952. All ladies of the congregation are invited to take part in using this opportunity of closer fellowship with the ladies of the congregation and to serve the Lord in this way.

The following ladies assist in the direction of this work:

Ladies' Work Activity -- Irma Nave

Ladies' Visitation -- Mrs. Wm. Orr

Assistance in Homes -- Mae McKenzie and Mrs. C. Bell

Sending Flowers -- Maxine Lyman
