

# 'Thank God for Foy'

5-22

Editor, *The Chronicle*:

The *Chronicle* comments on page 2 of Jan. 12 issue, concerning Pat Boone were very interesting. Thank God for such men as Bro. Foy Smith who, as I understand it, looks upon Bro. Boone as a brother and desires his salvation along with the salvation of our brotherhood.

Certainly none of us want to be a judge but would rather be a brother and because of our interest in our brother's salvation, it is necessary that his error be pointed out. He is either right or wrong in his indorsement of Oral Roberts and Rex Humbard. Noble Patterson has the right idea concerning Pat giving Oral Roberts encouragement. Pat is in opposition to 2 John 10 and 11. Oral Roberts does not teach the Truth. Neither does Rex Humbard but Pat and his family put on quite a show on Humbard's TV program New Year's Eve.

With Bro. Foy Smith and many others, I have prayed for Pat, urged others to pray for him and have corresponded some with him. Bro. Smith sums it up very well in stating that "there is something far more important than himself, Pat Boone, or anyone else; that something is the Church of Jesus Christ".
