

NOTIS

June 6, 1986

Mr. Peter Spyers-Duran
Director of Libraries
Wayne State University
University Libraries
Detroit, Michigan 48202

Dear Peter:

Thank you for your letter of clarification of June 2, regarding the DALNET contract.

There is no objection to your bringing another library onto the NOTIS system before the finalizing of the DALNET contract, as long as that library ultimately becomes a DALNET member.

As I understand your letter, ultimately all libraries using the NOTIS software purchased by Wayne State will be NOTIS members. If that is the case, there is no objection. If that is not the case, then we need to talk.

Sincerely,

Jane Burke
Director
