Welcome to Rochester College

Rochester College is an accredited, independent, coeducational, liberal arts college that pursues academic excellence in a Christian setting. The mission of Rochester College is “to engage students in a vigorous liberal arts education within a Christian community for a life of study and service.” Rochester College offers a traditional liberal arts education designed to help you make the most of your life, not just your career.

Historically, Rochester College has understood its mission to include instruction in fundamental ethical values. The College seeks to produce graduates who value people more than things and community more than self. The threads of character, integrity, and morality are woven into the campus culture to cultivate responsibility, justice, and compassion in the lives of graduates. Today’s employers are seeking such people.

Rochester College desires for you to master certain components of the Body of Knowledge. College faculty and administrators, however, emphasize that the skill of discernment holds greater value than a memorized or technologically accessible storehouse of knowledge.

In an age where graduates are mass-produced in large classes at major universities, Rochester College remains committed to personalized learning. Because the sacred exchange between teacher and student is the root of the college experience, you are not taught by graduate students at Rochester College, but by professors whose academic preparation, value system, and lifestyle are consistent with the high standards of the College.

The intimate size of Rochester College provides unique opportunities for you to develop close personal relationships with both students and instructors. In addition, you are challenged with numerous opportunities for leadership in student government, athletics, drama, music, social clubs, service organizations, and other exciting campus activities.

At Rochester College, you will benefit from personalized academic attention within a caring, faith-affirming campus community. You will share your learning experience with a talented and energetic student body that is enjoying time together at an outstanding small college.

Sincerely,

Kenneth L. Johnson
President

MISSION

The mission of Rochester College is to engage students in a vigorous liberal arts education within a Christian community for a life of study and service.

Through our mission we affirm:

- A quality education stresses excellence and trains students to perform scholarly research, to write and speak with elegant simplicity, and to think critically and creatively.
- An educated person reveres God and is committed to truth and justice.
- An educated person is able to connect coherently the spiritual truths of God with the wisdom of humanity embodied in the arts and the sciences.
- A Christian education demonstrates that a vibrant faith compels a life of private virtue and of social responsibility.
- An educated person possesses a lifelong desire to grow intellectually and spiritually.
- An educated person views a vocation as an opportunity for service and stewardship, rather than a passport to privilege.
- This community and its professors nurture and incarnate a Christian worldview sufficient for the challenges of post-modern thought and encourage the forging of relationships with others dedicated to that view.

LEGACY

In 1954, members of the Church of Christ set out to establish a Christian education institution in the north central United States. A new Board of Trustees purchased land near rural Rochester, Michigan and the first students arrived at North Central Christian College in 1959. Several years later, NCCC became Michigan Christian College.

In 1997, the Board of Trustees adopted the name 'Rochester College' to emphasize the institution's status as a *four-year liberal arts* college. That year, the Board reaffirmed the founders' dedication to "the task of leading students toward high academic achievement..and the development of Christian ideals."

Today, Rochester College is growing quickly. Each year more and more students from all over the world enjoy the unique student culture and quality academic programs. New degrees and greater breadth and depth of course offerings are opening new doors to even greater opportunities after graduation.

In 1999, Rochester College commenced with *Catch the Vision*, a \$9.5 million capital improvements campaign that will bring major changes to campus, including a 17,500 square foot library and a new residence hall. At Rochester College, the best is yet to come.

CHRISTIAN EMPHASIS

Since its inception, Rochester College has emphasized the importance of combining academic excellence with Christian ideals. While the College admits students of all races and religions and carefully explains varying worldviews in relevant courses, it employs only those professors and instructors who understand, practice, and teach the Christian faith. Regardless of their discipline, faculty members routinely relate their subject matter to relevant principles and concepts of Christianity.

The founders of the United States understood the importance of passing faith from generation to generation. **George Washington** declared: “You do well to learn our arts and ways of life, and above all, the religion of Jesus Christ. These will make you a greater and happier people.” **Thomas Jefferson** affirmed: “I have always said, I always will say, that the studious perusal of the sacred volume will make better citizens.” **Theodore Roosevelt** stated: “I wish to see Bible study as much a matter of course in the secular college as in the seminary. No educated man can afford to be ignorant of the Bible.”

The desires of great leaders in the history of the United States often are not achievable in public education, but they are achievable in the private college setting. The leaders of Rochester College believe that a knowledge of God and the Bible add value to society. Within that framework, the College provides a solid liberal arts education designed to develop leaders for a better nation and a better world.

LOCATION

A cradle of business development in suburban Detroit, Rochester Hills, Michigan, is among the fastest-growing communities in the United States. Over 69,000 people and hundreds of large and small companies call the Greater Rochester area “home”.

Upscale shopping centers, theaters, hundreds of popular restaurants, and the world-acclaimed Meadowbrook Theatre and Music Festival offer plenty of options for recreation. Dozens of *Fortune 500* corporations and local organizations offer job and internship opportunities.

The eighth-largest city in the United States, Detroit, is only a short drive from Rochester Hills. Detroit features attractions such as the Henry Ford Museum and Greenfield Village, the Detroit Institute of Arts, the historic Fox Theatre, the Charles H. Wright Museum of African-American History, the newly-renovated Detroit Science Center, and the Detroit Zoo. Sports fans may take in a ballgame at Comerica Park (Tigers MLB baseball), the Palace of Auburn Hills (Pistons NBA basketball), Joe Louis Arena (Red Wings NHL hockey), or Pontiac Silverdome (Lions NFL football).

CAMPUS

Rochester College is located on 83 acres of suburban woodlands dotted with lakes and wetlands and bordered by the Clinton River. Since the mid-1990's, most of the College's facilities have been renovated to state-of-the-art standards.

New Library/Classroom Complex. Planned for fall 2002, the new 17,500 square foot academic facility will feature a spacious new library, state-of-the-art classrooms, and a cutting edge computer lab.

Muirhead Library. The heart of learning at Rochester College houses over 72,000 volumes in print and microbook form, 322 current periodicals, and 72 on-line databases. Muirhead also houses the campus bookstore.

Isom Atrium. Completed in 2001, the Atrium is sure to become a campus hot spot. Home of the Solid Rock Café, the Atrium is a place where students and faculty can grab a bite to eat, sit and chat, or meet with friends.

Associates Campus Center. The hub of learning at Rochester College, Campus Center is home to several state-of-the-art classrooms, a 30-terminal computer lab with Internet access, Student Services/Student Government offices, and faculty offices.

Westside Central Auditorium. The place where Rochester College students meet every day for assembly. Westside Central also hosts lectures, classes, theatre, music performances, live shows, and any other program that draws a large crowd.

Science Building. Features modern classrooms and science labs.

Utley Center. Currently used as classrooms, the Utley Center will be converted into the new campus bookstore in 2002.

Gatehouse. Two classrooms house cutting-edge music-education equipment.

Dearborn Commons. Proximity to men's and women's residence halls make this a popular campus hangout. Features TV lounge, computer terminals, and coed laundry facilities.

Ferndale Hall. Constructed in 1997, this women's residence hall offers suite-style living with private baths and local Internet access in each room. All rooms are furnished with beds, closets, chest-of-drawers, desks, and chairs. Phone hookups are also available but students must provide their own phones. Residents may use Ferndale's central kitchen.

Hoggatt Hall. Constructed in 1997, this men's residence hall offers suite-style living with private baths and local Internet access in each room. All rooms are furnished with beds, closets, chest-of-drawers, desks, and chairs. Phone hookups are also available but students must provide their own phones. Residents may use Hoggatt's central kitchen.

Gatewood Hall. Student residence hall offers suite-style living with private baths and local Internet access in each room. All rooms are furnished with beds, closets, chest-of-drawers, desks, chairs, and carpet. Phone hookups are also available but students must provide their own phones.

Barbier Hall. Men's residence hall features carpeted rooms with beds, closets, chest-of-drawers, desks, chairs, and community baths. Each room comes with Internet and phone hookups.

Palmer Hall. Available to married and upper-level boarding students, each room features carpeting, a private bath, walk-in closet, outside entrance, phone and Internet hookup. Some rooms also include a kitchen.

Gallaher Center. Formerly a mansion, Gallaher Center now houses the administrative offices: President's Office, Business Office, Admissions, Financial Aid, Advancement, Alumni, and Public Relations. The **Alumni Music Center** is also located in Gallaher Center.

Gymnasium. Regulation college basketball court is site of physical education classes and intramural athletics competition.

Rochester College Preschool. The preschool, housed in a local church building, provides hands-on opportunities for education students.

Student Life

CAMPUS SOCIAL SCENE

Rochester College offers a wealth of extracurricular activities that appeal to a variety of interests. The intimate size of the student body makes it easy for anyone to participate in leadership or social activities.

Banquets. Each year, Rochester College sponsors a spring and winter formal for students, faculty, and staff. Campus organizations also host their own special events.

Homecoming. Hosted by the Student Government each fall, the day is filled with activities for students and alumni, including an intercollegiate basketball game and the crowning of the Homecoming King and Queen.

Celebration in Song. Often the most anticipated event on campus each year, *Celebration in Song* is presented by the Music and Drama Departments in partnership with campus social clubs and features a kaleidoscope of music, singing, acting, and choreography.

Group Outings. The Student Services Office and other campus organizations sponsor group trips to area attractions such as major concerts and sporting events.

STUDENT ORGANIZATIONS

Student Government. Each year the student body selects a president, vice president of student activities, vice president of community life, vice president of public relations, and vice president of finance and fund-raising who work to develop the quality of student body life by planning activities and responding to student concerns. Each officer receives a scholarship.

Music Ensembles. Each spring students may audition for one or more of the vocal, instrumental, or drama groups featured by Rochester College. Students who exhibit vocal talent may join *A Cappella Chorus*, which performs at local, regional, and national events, or *Chamber Chorale*, which specializes in classical literature. *Autumn* and *Spectrum* perform contemporary Christian vocal music. Students who like to groove may try out for *Jazz Band*, which performs at local events and *Celebration in Song*. *Focus* entertains teen audiences with a mix of music and drama.

Theatre. Aspiring actors and actresses may audition for frequent on-campus theatre productions, *Company*, a drama troupe that performs for teen audiences, or *Pied Pipers*, a children's improvisational drama troupe.

Student Publications. Students may join the staff of *The Shield*, the campus newspaper that reports on the pulse of Rochester College student life, or the yearbook, *Areios*, published by students who write, edit, design, and contribute photographs.

Social Clubs. Students may pledge one of eight campus social clubs that engage in social activities, compete in intramural athletics, and perform community service projects. Social clubs also perform original dance/music numbers at the annual *Celebration in Song*.

Departmental Organizations/Honor Societies. Any student may join *Students in Free Enterprise* (SIFE), a national business-education organization sponsored by the Business Department. Certain students may be invited to join *Alpha Chi*, a national honor society, *Psi Chi*, a national honor society for psychology students, or *Delta Psi Omega*, a national honorary theatre fraternity.

ATHLETIC ACTIVITIES

Intercollegiate. Rochester College competes in the National Small College Athletic Association. Men's varsity sports include basketball, baseball, soccer, cross country, and track. Women's varsity sports include basketball, volleyball, softball, cross country, and track. Rochester College boasts a tradition of athletic excellence, winning national titles in men's basketball (1989), men's cross country (1989, 1990), men's soccer (1996), and women's volleyball (1998, 1999).

Intramural. Intramural teams compete in softball, volleyball, basketball, flag football, track and field, and cross country. A men's and women's skills competition tests participants' athletic abilities.

CAMPUS MINISTRY

Daily Assembly. Each day, the student body and faculty participate in a program that reinforces the spiritual, academic, and community spirit of Rochester College. Faculty, off-campus guests, and students lead assembly programs that are meant to develop students' hearts, minds, and bodies. Full-time students are required to attend.

Devotionals. Several student-initiated informal worship gatherings occur on campus each week. Attendance is voluntary.

IMAGE. Students interested in missions and evangelism may join IMAGE (International Missions Apprenticeship for God's Evangelists). Each year, IMAGE members lead and/or participate in domestic and international mission campaigns. IMAGE also sponsors local community service projects.

SOCIAL REGULATIONS

Rochester College is committed to building a campus culture that harmonizes with Christian values. Students are personally responsible for campus and community conduct.

Rochester College encourages good character. Therefore, immodest or inappropriate attire, dishonesty, profanity, sexual promiscuity, gambling, property abuse, use or possession of alcoholic beverages, illegal drugs, or tobacco are not permitted. Mandatory campus curfew provides ample time for students to enjoy the recreational and part-time job opportunities of the city. The *Student Handbook*, distributed at student orientation or from the Student Services Office, describes additional policies. Violation of College regulations or civil law may lead to dismissal.

Enrollment at Rochester College serves as the student's agreement to abide by the College's standards of conduct. Students may not agree with all College standards but are expected to demonstrate responsibility and character through honorable adherence to the policies. All students are expected to observe common courtesy and cooperation with one another.

RESIDENCE HALLS

Rochester College provides room and board for single, full-time students. Residential policies promote a close-knit campus culture that features social and spiritual aspects to be enjoyed by campus residents. Married housing is available on a semester-by-semester basis and is not guaranteed. Single boarding students must obtain cafeteria meal services. Each resident is financially responsible for room damages.

Off-campus housing is allowed for students who are at least 21 years old and of junior status, or for married students. Exceptions include living with relatives, or hardship. The Dean of Student Services considers exemption requests. Rochester College prefers students who will contribute to campus life. *College-funded financial assistance is unavailable to single, off-campus residents who do not live with relatives.* Exceptions may be considered at the end of the academic year in which the student turns 23 years old or when residence halls are at capacity. Exemption requests are submitted to the Vice President of Enrollment Services.

COUNSELING SERVICES

Licensed counselors and a certified social worker offer on-campus, short-term counseling on a no-fee basis. Personal disclosure to counselors is confidential unless the student threatens him- or herself and/or others, or the student consents in writing to the release of confidential information. The College also makes referrals to local professional counseling centers. Students are responsible for fees charged by off-campus counselors.

CAREER SERVICES

The Career Development Center offers all students and alumni guidance in major selection and career planning, which includes personality and skills assessment tests. The Career Center also provides current job listings, career fair listings, and an on-line job bank (www.rc.edu). Students may also participate in on-campus interviews with corporate recruiters and receive coaching in résumé preparation, interviewing skills, and graduate school seminars.

HEALTH INSURANCE AND SERVICES

Rochester College offers all students a College group accident and sickness insurance policy. Full-time students must purchase a policy, sign an exemption and show proof of coverage, or sign an exemption of coverage and refusal to purchase the College policy—thus releasing Rochester College from any liability for expenses due to accidents or sickness. The student invoice includes the cost of insurance. Payment includes 12 months of secondary coverage which applies to most emergencies due to accident, including hospital and doctor bills. Details are available from the Business Office.

The nearby Henry Ford and Mercy Care Medical Centers prescribe medication and offer treatment for minor ailments. Students may choose a local physician at their own discretion. Emergency care is available at Crittenton Hospital (two miles from campus). Students are obligated to pay for services and medication.

Admissions

ADMISSIONS PROCEDURE

Prospective students should evaluate whether their academic, career, and spiritual goals will be addressed by the unique programs and environment at Rochester College. Men and women whose life pursuits harmonize with the mission and purpose of Rochester College are most likely to thrive.

Complete each of the following steps to apply for regular admission to Rochester College. It is important to complete these steps as early as possible if also applying for College-funded scholarships or other types of financial aid. See the College of Extended Learning section for admission procedures for CEL programs (page 132).

1. Complete and submit an *Application for Admission* to the Admissions Office along with a nonrefundable *application fee* of \$25 (US only). Application forms are available from the Admissions Office upon request. Internet applications may be submitted at www.rc.edu.
2. Send a *high school transcript* to the Admissions Office. Students who have completed college work should direct their registrar to send a *college transcript*. Incomplete transcripts may be used for preliminary admissions decisions, but final transcripts are required for class registration. GED graduates must submit an official copy of their GED scores to the Admissions Office.
3. Submit official *ACT* (American College Test) or *SAT* (Scholastic Aptitude Test) *score report*. Contact the ACT (Rochester College code 2072) or SAT (Rochester College code 1516) testing services to request this information. Official score reports are required for class registration. Students who have not taken the ACT may take a residual exam on campus. Contact the Admissions Office to arrange a test date. Prospective students who are at least 23 years old and are transferring fewer than 14 semester hours may take the ASSET test in place of the ACT or SAT. The ASSET must be administered prior to enrollment by arrangement with the Admissions Office.
4. Submit a room reservation form and fee of \$125 (US). Upon enrollment, \$100 will apply to the required security deposit and will be returned at the end of the academic year, less any outstanding charges. This fee is required for on-campus housing and is fully refundable if requested prior to May 1. After May, only the \$100 security deposit is refundable if requested 30 days prior to the last day of registration. Housing assignments are made on a first-come basis of paid application and room reservation fee-received date.

ADMISSION DECISIONS

Rochester College seeks students who will excel academically, spiritually, and socially, and contribute to the campus culture. Acceptance is determined by high school or college grade point average (GPA), college entrance examination scores, moral character and integrity, and involvement and leadership in school, church, and community activities. Approval is granted on a rolling basis once all required credentials are received.

FIRST TIME IN COLLEGE

High school graduates with less than 17 semester hours of secondary education credit are required to meet the following criteria for unconditional admission to Rochester College: A minimum 2.25 high school GPA, and a minimum ACT composite score of 18 or a minimum SAT total of 880.

Students who did not graduate from high school may be admitted unconditionally if they earned a minimum GED score of 50, and a minimum ACT composite score of 18 or a minimum SAT total of 880.

Prospective students who are not eligible for unconditional admission to Rochester College, but whose academic and personal initiative indicate potential for success, may be admitted on academic alert. Students admitted on academic alert will be limited to 12 first semester hours and may be required to take additional courses in basic English, reading, writing, mathematical skills development, and study habits training. Supplemental classes for specific courses may also be required.

TRANSFER TO ROCHESTER COLLEGE

Transfer students from other colleges or universities must provide an official transcript from each institution and complete the steps listed on page 15. ACT or SAT scores are not required of students who transfer 17 or more college semester hours that apply to the general education core and if their college GPA is above 2.00. Students who transfer a GPA below 2.00 must supply ACT or SAT scores and may be placed on academic alert.

For transferring students with a minimum 2.00 GPA, Rochester College accepts three semester hours, maximum, of D credit when transferring 25 to 49 hours, and six hours, maximum, of D credit when transferring 50 to 96 hours. If D credit hours exceed the limits, the Registrar determines which hours to accept. No D credit will be accepted on less than a 2.00 GPA.

Transfer from accredited college or university. Transfer credit from regionally-accredited colleges or universities may apply toward a traditional degree at Rochester College, but is limited to: No more than 34 semester hours toward the Associate's degree and 98 semester hours toward the Bachelor's degree. See page 137 for College of Extended Learning limits. Transfer credit is not applied to Rochester College GPA.

Students who hold the Associate's degree from another regionally-accredited college or university usually do not have to take the Rochester College lower-division general education requirements (if the Associate's degree is designed to provide the general background for the Bachelor's degree). The exception is the Rochester College Christian Values Requirement (see page 37) and any specific general education courses or prerequisites required for a major. The Associate's degree must include a minimum 25 hours in typical general education courses with at least one course each in written communication, oral communication, fine arts, literature, science, and history or another social science.

Under the MACRAO Articulation Agreement, transferees from participating Michigan colleges or universities meet all general education requirements for the Bachelor's degree at Rochester College, except the Christian Values Requirement and general education courses or prerequisites required for a major. Transcripts must confirm that all MACRAO requirements are met. For more information, contact the Admissions Office.

Transferees who hold the Bachelor's degree from another accredited college or university are exempt from all general education requirements, except the Christian Values Requirement (page 37) and any specific general education courses or prerequisites required for a major.

Transfer from nonaccredited college or school. Rochester College accepts academic work from unaccredited, post-secondary institutions if three major colleges or universities located in the same state as the unaccredited institution, accept the institution's credits. The amount of credit Rochester College awards for work at unaccredited institutions is subject to the same limitations placed on work transferred from accredited colleges or universities (under TRANSFER TO RC on previous page).

Rochester College may also award credit for work completed at Bible colleges or preaching schools if the transferring institution's academic credits are state-approved above the post-secondary level. Transferees who complete a diploma or degree at a Bible college or school of preaching, and plan to pursue the Bachelor of Religious Education degree at Rochester College, receive the maximum amount of transferring credit for their work.

EARLY ADMISSION

High school students are eligible for early admission as full-time students at Rochester College based on the following criteria: Completion of junior year of high school, high school GPA of 3.00 or higher, and ACT score of 21 or more. Early admission students must make arrangements with their home school district or earn a satisfactory score on the General Equivalency Diploma (GED) to receive their high school diploma.

RE-ENROLLMENT

To return to Rochester College after an absence of one or more semesters, students must notify the Director of Student Support Services. Students suspended or dismissed for academic reasons must appeal to the Academic Life Committee. Students dismissed or suspended for social reasons must request readmission through the Student Services Office.

SPECIAL STUDENT

Students do not have to apply for admission if they are not in a degree program or taking no more than six hours per semester. This applies to classes taken for audit or regular credit. Students in a degree program or enrolled in more than six hours per semester must apply for admission.

GUEST STUDENT

Students from other colleges or universities may attend Rochester College to receive credit for specific courses. Guest students must pay normal tuition and fees and request that grades and credits be sent to their regular college or university. To apply, submit a Michigan Uniform Undergraduate Guest Application to the Rochester College Registrar.

INTERNATIONAL STUDENT

Students who received their education outside the United States must demonstrate their ability to perform college work in the US by submitting academic credentials from the country where they received their education. Students whose native language is not English must score at least 500 (173 computer-based) on the Test of English as a Foreign Language (TOEFL, Rochester College code 1516) or at least 109 in an ELS Language Center. All students educated outside the United States or Canada enter Rochester College on academic alert. Issuance of an I-20, as a citizen of another country, requires bank certification that funds are available to pay for at least the first year of college. A deposit equal to half the annual charge for tuition, room, and board (less any institutional aid) may also be required. The deposit, credited to the student's account, may be refunded only if the student is denied a visa.

Paying for College

FINANCIAL AID

Many sources of financial assistance are available to students and their families. Some assistance, such as government aid, is based on student or family financial need. Eligibility is determined by submitting a Free Application for Federal Student Aid (FAFSA) to the Financial Aid Office. More information about aid sources is available at www.finaid.org, www.fastweb.com, or www.collegequest.com.

Rochester College awards some institutional aid to qualified applicants regardless of family income. Institutional aid may be adjusted according to the amount of Federal or State aid a student receives. Recipients of the Trustee Scholar Award, National Merit Scholarship, and Presidential Leadership Award may not receive additional institutional aid. Failure to comply with minimum grade requirements or College regulations may result in a loss of institutional awards. See page 13 for residency requirements that affect financial aid.

Rochester College helps students locate aid sources required to meet financial need. Institutional aid sources are described on the following pages. The Financial Aid Office provides detailed descriptions of programs, qualifications, and minimum renewal requirements. The Financial Aid Office also designs aid packages which combine scholarships, grants, loans, and part-time employment to meet students' financial needs. Most financial aid is applied directly to individual student accounts.

HOW TO APPLY FOR MAXIMUM AID

1. Complete a Rochester College *Financial Aid Application* and return it as soon as possible during senior year of high school.
2. Complete the Free Application for Federal Student Aid (FAFSA) as soon as possible after January 1 of high school senior year. The **priority deadline** is **April 15**. Return the FAFSA to the Rochester College Financial Aid Office where it will be processed. The FAFSA may also be mailed direct to the government or submitted on-line at www.fafsa.ed.gov. Remember to include Rochester College's Federal school code (002288) in Step Six of the FAFSA (if using the Web site or mailing direct to the government).
3. Once the FAFSA is processed, a *Student Aid Report* (SAR) is sent in the mail. *Please read it carefully*. If everything is correct, keep the SAR for personal records. Any corrections should be made on Part Two, which must be *signed* and returned to the Rochester College Financial Aid Office.
4. The Financial Aid Office will send an award package once the SAR is received. The award will list all scholarships, state grants (if applicable), and Federal aid (grants, loans, and work study) along with information about the loans. A verification worksheet may need to be filled out and returned to the Financial Aid Office.
5. Carefully review the information in the award letter, initial each award where indicated, and return the list to the Financial Aid Office (postage paid). Submit any additional requests for information.
6. Please note that award letters are only valid for the *current* school year. A renewal FAFSA must be completed each year.
7. Questions may be directed to the Rochester College Financial Aid Office. Call **1-248-218-2028** or toll free **1-800-521-6010**.

SPECIAL DISCOUNTS

Early Application Discount. Applications received before October 1 earn a five percent nonrenewable discount on first-year tuition charges.

Family Plan Discount. Two or more dependent siblings concurrently enrolled full-time in a traditional program at Rochester College are each eligible for a ten percent tuition reduction.

INSTITUTIONAL SCHOLARSHIPS AND AWARDS

Academic Achievement Scholarship. Applicants with a composite score of 20 or higher on the ACT (SAT 960) qualify for an Academic Achievement Scholarship. The award is based on the following chart:

ACT Score	SAT Score	Annual Scholarship
36	1600	\$5,500
35	1560-1590	5,000
34	1510-1550	4,750
33	1460-1500	4,250
32	1410-1450	4,000
31	1360-1400	3,750
30	1320-1350	3,500
29	1280-1310	3,250
28	1240-1270	3,000
27	1210-1230	2,750
26	1170-1200	2,500
25	1130-1160	2,250
24	1090-1120	2,000
23	1060-1080	1,500
22	1020-1050	1,000
21	970-1000	750
20	950-960	500

Activity Achievement Award. Eligibility is based on exceptional ability in athletics, music, or drama. Award is renewable if recipient maintains a 2.00 minimum GPA and departmental approval. Athletes must pass at least 24 semester hours per year. Only available prior to enrollment.

Alumni Parent Award. Applicants with at least one parent who attended Rochester College full-time, for at least one term, are eligible for a nonrenewable award toward first-year expenses: \$250 if one parent attended or \$500 if both parents attended.

Associates Scholarship. The Associates of Rochester College award scholarships of up to \$1,000 per year. A minimum 2.50 GPA and a minimum ACT score of 18 (SAT 880) are required. Renewal is conditional on a minimum 2.75 GPA and demonstrated good conduct and citizenship.

Canadian Equalization Grant. Canadian citizens, who are not also US citizens, may be eligible to receive a grant of \$3,000 per year (boarding) or \$1,500 (commuting). This grant is available only to full-time students from Canada who are admitted on regular status.

Christian Missionary Service Award. Dependents of full-time foreign missionaries receive a 50 percent tuition reduction (coordinated with government aid). Domestic supporting church must submit an *annual* verification of full-time foreign mission work. Recipient must maintain a 2.25 minimum cumulative GPA.

Christian School Association Scholarship. NCSA or ACSI high school graduates qualify for a renewable \$1,000 annual award conditional upon maintaining a 2.25 minimum college GPA.

Departmental Scholarships. Limited scholarships awarded on merit to majors or minors in the Department of Music or Department of Religion and Bible. Renewable based on departmental recommendation.

Gallaher Leadership Award. Honors James and Bessie Gallaher. Up to \$2,000 given to boarding students who demonstrate leadership, achieve a 2.25 minimum high school GPA, and a minimum ACT composite score of 18. Renewal based on college grades and leadership.

International Scholarships. Limited scholarships based on leadership or academic ability for non-Canadian international students. Renewable with a minimum 3.00 GPA on no less than 24 semester hours per year.

Qualified applicants must have a minimum ACT composite score of 19 and minimum high school GPA of 2.50. Applicants must demonstrate financial need based on Federal Pell Grant eligibility. Scholarship amount is the difference between the cost of tuition and all other gift and grant aid. Conditions of renewal are maintaining a 2.50 cumulative GPA and 24 hours per academic year.

Out-of-State Tuition Grant. United States citizens from states or territories outside Michigan are eligible for up to \$1,000 per year based on financial need. Renewal is based on maintaining at least a 2.25 GPA and continued financial need.

Partners in Christian Service Award. Undergraduate dependents of full-time employees of nonprofit Christian organizations (subject to approval) are eligible for \$1,500. The nonprofit organization must submit a letter *annually* to verify full-time employment of at least one parent. Recipient must maintain a 2.25 minimum cumulative GPA.

Presidential Leadership Award. Covers up to the full cost of tuition based on ACT/SAT scores, high school GPA, and demonstrated leadership. Requires minimum ACT score of 20 (950 SAT), 2.5 minimum high school GPA, and active leadership in church, school, and community. Recipients must be full-time boarding students who maintain a 2.5 cumulative college GPA and exhibit campus leadership.

Transfer Scholarship. Students transferring to Rochester College with 17 or more hours are eligible based on GPA: \$1,500 per year (2.75-2.99), \$1,750 per year (3.00-3.24), \$2,000 per year (3.25-3.49), \$2,250 per year (3.50-3.74), and \$2,500 per year (3.75-4.00). Available only to traditional full-time students who maintain sufficient grades.

Trustee Scholar Award. Competitive scholarship for entering freshmen with fewer than 16 hours of college credit. Covers 100 percent of tuition (up to 18 credit hours per semester), room, and board. Qualified applicants must achieve a minimum ACT composite score of 29 (SAT 1300), earn at least a 3.50 high school GPA, and demonstrate leadership. Award conditional on full-time boarding status and a minimum 3.50 cumulative GPA.

Valedictorian and Salutatorian Scholarships. High school valedictorians entering college for the first time with a minimum ACT score of 21 (SAT 1000) may receive a \$1,500 scholarship. Salutatorians are eligible for \$1,000. Eligibility is conditional upon full-time status.

GOVERNMENT GRANTS AND AWARDS

Pell Grant. United States citizens and some noncitizens may be eligible for up to \$3,750 per year in need-based aid from the Federal government. Financial statement required.

Supplemental Educational Opportunity Grant. Federal government awards up to \$1,200 based on demonstrated need. Application is made through Rochester College. Financial statement required.

Michigan Tuition Grant/Competitive Scholarship. Michigan residents may receive up to \$2,750 per year from the state, based on need and enrollment in a private Michigan college. Tuition grant and competitive scholarship cannot be awarded simultaneously. Applications must be submitted early during the year of planned enrollment. Financial statement required.

Adult Part-Time Grant. Independent Michigan residents with financial need, planning to enroll as part-time students, may receive up to \$600 per year from the state of Michigan. Financial statement required.

LOANS

Federal Perkins Loan. US citizens in financial need may borrow up to \$4,000 per year (limited to \$20,000 total) at five percent interest. Repayment and interest begins nine months after the end of half-time study, and payments may be extended over a ten-year period. Application is made directly to Rochester College. Financial statement required.

Federal Direct Stafford Loan. Federal loan programs allow freshmen to borrow up to \$2,625, sophomores may borrow up to \$3,500, and juniors and seniors may borrow up to \$5,500. Variable interest is capped at 8.25 percent plus an origination fee of three percent. *Currently, the program offers a 1.5 percent rebate on the origination fee.* The Federal government pays the interest on subsidized loans as long as the student demonstrates financial need and is enrolled in college. Students who do not qualify for need-based Federal loans, need additional funds beyond need-based eligibility, or are considered an independent student by Rochester College may obtain an unsubsidized version of the Stafford Loan in which the student pays interest or adds it to the principle balance while he or she is in college.

Five- to ten-year repayment on Federal Stafford Loans begins six months after graduation or withdrawal from college, or when the student drops below halftime status. A \$50 minimum monthly repayment is required. Application is made to Rochester College by submitting the FAFSA form. Students who do not hold loans from similar programs administered by lending institutions, are required to obtain Stafford Loans through the Direct Loan Program. Stafford Loans may only be applied to an account at or after registration.

Federal Direct PLUS Loan. Parents may borrow up to the cost of an academic year less any other financial aid for the year. Financial need is not required to obtain this loan. Variable interest is capped at nine percent plus an origination fee of four percent. *Currently, the program offers a 1.5 percent rebate on the origination fee.*

Parents must begin repayment within 60 days unless they obtain a temporary deferment (in which interest is accrued). Repayment may be scheduled for up to ten years. Application is made by completing the FAFSA and an additional application, and is subject to credit approval. Students who do not hold loans from similar programs administered by lending institutions, must obtain PLUS Loans through the Direct Loan Program. PLUS Loans may only be applied to an account at or after registration.

SPECIAL SOURCES OF AID

Private Funds. Churches, civic clubs, employers, and unions offer financial awards which are included in the total financial aid package when determining eligibility for government and some private assistance.

Veteran's Benefits. Military veterans or immediate family of veterans deceased or permanently disabled as the result of service, may qualify for assistance. For information, contact a Veterans Administration Office.

Students may receive credit for training in the armed services or previous course work by sending an official transcript from each institution to the Academic Services Office. Academic Services must receive transcripts by the end of the first semester of enrollment. Some general education requirements may be waived based upon age, number of hours completed, and appropriate work experience. A policy statement is available from the Registrar. Records of academic work completed at Rochester College may be released to other institutions and agencies only upon written request.

Students certified for Veterans Administration benefits who fail to obtain the minimum cumulative GPA within one semester after being placed on academic alert, may not be recertified until their cumulative GPA meets the minimum standards identified in the Academic Alert and Academic Progress Statements. Rochester College informs the Veterans Administration when students are not recertified due to lack of academic progress. While this policy does not affect the College's policies regarding academic probation and suspension, those policies do affect certification for veterans' benefits. The standards of progress and alert policies are found on pages 29 and 35.

Students within one semester (12 hours) of graduation may continue to be certified for veterans' benefits only if they have a cumulative GPA of 2.00 or higher, which meets requirements for both the Bachelor's and Associate's degrees. The above policies regarding certification for veterans' benefits supersede any and all previous statements of these policies.

Vocational Rehabilitation. Students with physical disabilities may be eligible for additional aid through the Vocational Rehabilitation Service. For more information, contact the Vocational Rehabilitation Office.

EMPLOYMENT

College Work Study. This Federal aid program provides campus work for students with financial need. A similar program exists for Michigan residents. At least 30 percent of each paycheck is applied to unpaid student account balances. Financial statement required.

Off-Campus Employment. Area businesses often seek Rochester College students for part-time jobs. Full-time students are encouraged to work no more than 20 hours per week. Students on academic probation or academic alert are restricted to a maximum of 12 hours per week.

ACADEMIC PROGRESS REQUIREMENT

Federal regulations require students to maintain a 2.00 cumulative GPA to remain eligible for financial aid at Rochester College. Also, full-time students enrolled in 12 or more hours per semester must earn at least 24 hours of credit or complete 75 percent of the hours attempted during the academic year to maintain aid eligibility. Part-time students (6-11 hours) must complete 75 percent of the hours attempted to maintain aid eligibility. Students who fail to meet the requirement during the fall or spring semesters may include short-term (Wintersession or Maymester) courses in the total hour requirement for the academic year.

An adjustment period exists for first-semester Rochester College students who have less than 24 semester hours. Students who do not meet the requirements their first year (qualitative or quantitative), will be placed on financial aid probation (aid will not be withdrawn provided a 1.00 minimum cumulative GPA and at least 50 percent of the hours attempted).

Financial aid eligibility is terminated when total hours attempted equals 150 percent of the hours needed to complete a degree plan (for a degree requiring 128 hours, aid would be terminated at 192 hours attempted). The number of hours attempted is defined by the number of hours enrolled at the end of each late registration. Transfer hours are included in the total hours attempted. All hours attempted are included, regardless of whether or not financial aid was received for the hours.

Financial aid probation or loss of aid results when a student fails to meet academic progress requirements. Attainment of minimum requirements must be met at student expense before financial aid is reinstated. Written appeal based on mitigating circumstances that affect eligibility may be submitted to the Director of Financial Aid.

COMPUTER REQUIREMENTS

Rochester College encourages every student to purchase a laptop computer to complete academic coursework, including word processing, Internet research, intranet discussion, class assignments, PowerPoint presentations, and software applications. The growing student body and greater emphasis on computer use for class assignments limits computer availability in campus computer labs.

All students should make every attempt to purchase or lease a personal computer or laptop computer. All residence hall rooms are wired for network access. The Solid Rock Café is also wired for network access. Beginning Fall 2001, business majors will be required to have personal access to a personal computer, preferably a laptop. All other majors must comply with the same requirement by the 2002-2003 academic year.

Rochester College recommends the following minimum specifications:

- Intel Pentium III, 800 MHz processor
- 128 MB RAM
- 10GB hard drive
- 3Com PCI 10/100 network card
- Sound Blaster sound card with speakers
- Microsoft Windows 98SE
- Norton Antivirus
- 17-inch monitor (PC's only)

PAYMENT PLANS

Cash Plan. Expenses are payable by the semester. Service charges may be avoided by paying the entire semester cost (minus financial aid awards) at registration. Rochester College accepts VISA, MasterCard, Discover, and American Express in addition to cash, checks, and money orders. Credit card payments may be phoned in at 248.218.2051. Bookstore purchases must be paid separately.

Semester Payment Plan. The student pays one-third of the total semester cost (minus financial aid credit) at registration, and the remaining two-thirds in equal monthly payments due on the dates listed below. A \$25 fee is charged each semester. Payees will be charged a \$25 penalty if payments arrive after the due date. The payment plan may be unavailable to students with a history of late payments or a previous Rochester College account passed to a collection agency.

Fall Semester

Past Due Accounts. The College will not release transcripts until all accounts are paid in full and Perkins Loan payments are current. Students with past-due accounts will not receive diplomas or letters of recommendation. Students with delinquent accounts (past due 20 days or more) will not be allowed to register. Nonpayment of delinquent accounts may result in suspension or placement of the account with a collection agency.

Collection Agency Placements. Accounts placed with a collection agency will be charged a 1.5 percent fee on each month of nonpayment, collection costs, and possible legal fees. The payee becomes responsible to the collection agency for all contact and payment arrangements.

REFUNDS AND CREDITS

Withdrawal from College. In case of voluntary withdrawal, refunds for tuition, room, board, and certain fees are calculated on a prorated basis according to Federal refund policy. Refunds will not be granted if a student withdraws after 60 percent of the semester is completed. Students who withdraw early may be responsible for remaining charges on their account. Consult the Financial Aid Office and the Business Office to find out more about the consequences of withdrawal.

Course Refunds. Traditional enrollees who drop a course but remain enrolled in one or more courses will receive a refund for the dropped course(s) based on the following chart. Refund policies for the College of Extended Learning are described in the CEL section of this catalog. Full-time students will not receive a refund if a dropped class does not result in a change in the tuition block (12 to 16 hours). Any drop or add that does not result in a net change in course load also will not be subject to a refund. Changes in course load may adversely affect financial aid awards. Consult the Financial Aid Office and the Business Office prior to dropping a course.

Withdrawal on or before first day of classes	100%
From second day through first 5% of enrollment period	90%
From first 5% through first 10% of enrollment period	75%
From first 10% through first 25% of enrollment period	50%
From first 25% through first 33% of enrollment period	25%
Beyond first 33% of enrollment period	0%

General Refund Policies. Tuition refunds for Wintersession and Maymester are based on the number of class periods. Students who choose to commute after the semester begins receive a refund of room and board charges calculated on a prorated basis. No refunds are granted for missed meals. Special fees may not be refunded. Room security deposits are refunded only when checkout procedures are completed within seven days of the date that residence halls close and keys have been returned.

The date withdrawal forms are submitted is the date used to calculate refunds. If a withdrawal request is made by phone and the completed forms arrive at the College within one week of the request, the date of withdrawal is the date the forms are requested. Rochester College has no obligation to refund any charges if withdrawals or dismissals are due to misbehavior. Students involved in disciplinary situations may be required to repay College-funded awards.

Refunds may require up to 30 days for processing. Financial aid refunded to issuing programs is allocated in the following order: Stafford Loan, PLUS Loan, Perkins Loan, Pell Grant, Supplemental Educational Opportunity Grant, and institutional aid.

Military reservists called to active duty while a semester is in progress are encouraged to complete partial semester work. If completion is not possible or takes longer than two calendar years after the time of activation, reservists will receive withdrawal grades for incomplete course work and tuition vouchers for incomplete credit hours previously paid by the student and government-funded aid. The tuition voucher may be used at Rochester College for the same number of credit hours in any subsequent semester even if tuition rates are higher. Room and board charges are refunded on a prorated basis. Students with circumstances that warrant exceptions to refund policies should address a written appeal to the Controller.

WITHDRAWAL FROM COLLEGE

To withdraw from the College, obtain a withdrawal form from the Director of Student Support Services and complete steps listed below. Remote students may call the Director of Student Support Services to obtain forms. Withdrawals are considered official on the date of a phone call only if all forms are completed and returned within one week. Students who do not complete this process may receive a grade of F in all classes and be refused credit refunds.

1. Attain a signature from the Dean of the College of Arts and Sciences.
2. Visit the Student Services Office to turn in mailbox key and ID card, and leave a forwarding address for mail.
3. Visit the Dean of Student Services.
4. Visit residence hall (boarding students) supervisor for checkout.
5. Return materials to library and obtain clearance from the library staff.
6. Visit the Director of Financial Aid to discuss aid programs and repayment obligations. Withdrawal affects financial aid eligibility and may increase personal payment obligation.
7. Visit the Student Accounts Clerk in the Business Office. Perkins Loan holders must participate in an exit interview. Refunds of credit may require up to 30 days for processing.
8. Return completed withdrawal form to the Academic Services Office.

Academics

ACADEMIC ACCREDITATION

Rochester College is accredited by the Higher Learning Commission and is a member of the North Central Association (30 North LaSalle, Suite 2400, Chicago, Illinois, 60602. Phone 312.263.0456). Rochester College is a signatory of the MACRAO Articulation Agreement and the Universal Transfer Agreement, which facilitate the transferability of credits between Rochester College and other Michigan colleges and universities. Whether transferring to Rochester College or pursuing graduate studies or special majors at other Michigan institutions, Rochester College students can be confident that their credit will be accepted. To review accreditation documents, submit a written request to the President's Office.

ACADEMIC STATUS

Academic Alert. Freshmen whose cumulative GPA drops below 1.50 and sophomores, juniors, and seniors whose GPA drops below 2.00 are put on academic alert. Students are classified at the end of the semester in which they earn the number of credits required to advance: 30-sophomore, 60-junior, and 90-senior.

Students on alert should reduce their load to 12 to 15 hours, employment to a maximum of 12 hours per week, and limit participation in extracurricular activities. Low grades jeopardize financial aid. To clear alert status, students must earn a cumulative GPA higher than the levels indicated in the previous paragraph during the first semester after placed on alert.

Academic Probation. Students who do not meet the above minimum standards the semester after placed on academic alert are placed on academic probation.

Academic Suspension. Students who do not meet the above minimum standards the semester after placed on academic probation are placed on academic suspension. Students who do not pass any hours in a given semester are automatically suspended.

Students who are academically suspended may enroll for up to six hours of credit during the suspension semester, but are not eligible for financial aid from government or College sources. Upon successful completion of such course work, suspended students must follow the appeals process to recover full-time status.

Academic suspension is one semester in length. Written appeals to return at the end of the suspension must follow a specific format. The Academic Life Committee makes the *final* decision to accept or reject the appeal.

Academic Renewal. Previous Rochester College attendees with a GPA below 2.00 may request academic renewal. Last enrollment must be at least three years prior to renewal request. Up to 30 semester hours of Rochester College course work (grades D or F) may be disregarded in computing the GPA needed to earn a degree. The Registrar provides guidelines for academic renewal. Students must apply for academic renewal before enrolling in courses. Academic renewal is granted only once.

Major Transfer. Transferees from a major in one field of study to another may petition to have the calculation of their graduation GPA based only on the program of current enrollment. Credit hours not counted toward GPA will not count toward degree requirements.

ACADEMIC SUPPORT SERVICES

Individual Support Services. Students who experience difficulty in their course work should express concerns to their instructor. Some tutoring and/or computer-based support services are available. Contact the Student Support Services Office for more information.

Group Support Services. Supplemental Instruction provides support for select courses, including optional study sessions led by students with a high degree of success in each course. Contact the Director of Supplemental Instruction for more information.

APPEALS

Disputes regarding course grades, class policies, or other issues should be discussed with the appropriate instructor. If the instructor does not resolve the matter, complaints should be directed to the Department Chair, Division Chair, and the Faculty Affairs Committee (in that order). A written appeal, detailing the complaint, must be sent to the Faculty Affairs Committee within one semester of the incident or grade report. Two copies of the complaint must be submitted in person to the Dean (Arts and Sciences or CEL). The Faculty Affairs Committee issues a *final* decision.

ATTENDANCE POLICY

Successful students make a habit of regular class attendance. Rochester College expects regular and punctual attendance, which is checked by each instructor, and factors into final course grades. Students are responsible for reading the attendance policy explained in each class syllabus.

One week of institution-approved absences per course may be added for College-sponsored activities that require frequent travel. Students are normally not allowed to accumulate more than the equivalent of three weeks of class absences. Students may request an incomplete grade from the Registrar if absences result from a prolonged illness documented by a

doctor. Minor illnesses and other personal needs, however, are to be covered by the number of personal absences allowed by the instructor. To drop a class, students must submit a drop form to the Registrar prior to the deadline. Each drop form incurs a \$15 fee.

Instructors do not have to allow makeup of daily in-class work regardless of excuse. Major assignments and examinations may be made up for doctor-documented illnesses and institutionally-approved absences granted by the Academic Services Office. Students must request a makeup within one week of the absence or the instructor is not obliged to allow makeup work.

CHRISTIAN VALUES REQUIREMENT

Study of the Bible is essential to the Rochester College experience. The Christian Values Requirement of the general education core (see page 46) consists of 16 semester hours for students pursuing the Bachelor's degree and ten hours for those pursuing the Associate's degree.

Full-time students must take a religion course each of their first four semesters, after which, at least one religion course is required each year until all 16 hours are completed. Transfer students in the Bachelor's degree program must complete the following Christian Values Requirement:

transfer hours applicable to degree	religion requirement
1-15 credit hours	16 hours
16-31 credit hours	14 hours
32-47 credit hours	12 hours
48-63 credit hours	10 hours
64 or more credit hours	8 hours

Associate's-level students must complete BIB 1013 and 1023. Bachelor's-level students must complete BIB 1013, 1023, and an ethics course. Specific core requirements are explained in each degree plan.

CLASSIFICATION

Classification is based on total credit hours completed by the end of the semester. Transferees are unclassified until prior credits are accepted. Thirty hours are required for sophomore status, 60 hours for junior status, and 90 hours for senior status.

CONCURRENT ENROLLMENT

Certain courses offered by other local colleges and universities are available to Rochester College students through the guest enrollment program. Students are responsible for tuition and fees at other institutions. Guest enrollment may affect financial aid eligibility at Rochester College. See the Registrar for details and an application.

COURSE CHANGES

Students may add or drop courses up to the end of the first week of classes each semester, after which fullterm courses may not be added and withdrawals are noted as W on transcripts. Withdrawals are not allowed after the date published in the College calendar. The Academic Services Office provides drop dates for classes that meet less than the full term. Academic Services also supplies information on how to add or drop a class.

COURSE LOAD

A full-time load is considered to be 12 or more credit hours per semester. An average load is 16 hours. Heavy loads of 19 or more hours must be approved by the Dean of the College of Arts and Sciences. Students on academic alert should not exceed 15 hours of coursework per semester. Nine to 11 hours is considered a three-quarters-time load. Six to eight hours is considered a half-time load.

DUAL DEGREE

Students may earn a second Bachelor's degree by completing at least 32 hours beyond the first degree. Students must meet all requirements for the second degree plus eight hours of the Christian Values Requirement (including BIB 1013, 1023, and an ethics course).

DUAL MAJOR

Students who wish to complete a dual major may do so by meeting all requirements of two major programs. The College encourages students who wish to pursue more than one major to explore the interdisciplinary studies major, which offers a well-rounded course of study that covers several areas of knowledge (see page 89).

FINAL EXAMINATIONS

Students are expected to take final examinations on the announced dates and not before that time. Subject to instructor approval, special circumstances may allow for late completion of final examinations.

GLOBAL EDUCATIONAL OPPORTUNITIES

Students may participate in six-week summer international study programs in Europe. The GEO program awards six to nine hours of general education core credit based on each host country's literature, art, music, and culture. GEO credits apply toward all majors.

Information regarding summer GEO programs will be available to all students during the Fall Semester. Applications may be obtained by request at GEO@rc.edu or from the GEO office located in CC214. Deadline for application is October 31. A one-credit orientation course is required during the Spring semester.

GRADES

Academic work is recorded as follows on grade reports and transcripts:

A	4.0 quality points per hour	C	2.0 quality points per hour
A-	3.7 quality points per hour	C-	1.7 quality points per hour
B+	3.3 quality points per hour	D+	1.3 quality points per hour
B	3.0 quality points per hour	D	1.0 quality points per hour
B-	2.7 quality points per hour	D-	0.7 quality points per hour
C+	2.3 quality points per hour	F	0.0 quality points per hour

I	Incomplete	must be completed within three months or grade is changed to F
R	Repeat	last grade used in GPA, all entries remain part of permanent record
W	Withdrawal	not calculated in GPA
X	Audit	not calculated in GPA

Withdrawals are noted as W on transcripts after the first week of classes.

GRADUATION/COMMENCEMENT

Rochester College holds commencement in December and May. Attendance is recommended but not required to graduate. Up to six hours of equivalent course work, grade C or better, may be transferred to Rochester College toward a degree, if completed at a regionally-accredited college or university. All degree requirements must be met to participate in commencement.

Each semester, students review their academic progress and degree plan with their academic advisor. Students starting their final semester must submit an *Application for Graduation* to the Academic Services Office, pay the graduation fee, and obtain a cap and gown. Application deadlines for December and May graduations are October 1 and February 1, respectively. Requests for graduation requirement waivers or course substitutions must be submitted in writing to the Registrar by no later than February 15 for a spring graduation, or October 15 for a fall graduation. All financial obligations to the College must be fulfilled prior to graduation.

HONORS

Dean's List requirements per semester are at least 12 credit hours, a minimum 3.30 GPA, no grade below a C, and no incompletes. Rochester College graduation honors are: Summa Cum Laude (at least 3.85 GPA), Magna Cum Laude (3.60), or Cum Laude (3.30). Honors are based on all college work at Rochester College. Forty-five or more semester hours of course work at Rochester College are required for honors at graduation. Academic renewal students may be considered for graduation honors upon completion of an additional 45 hours after academic renewal is granted.

INCOMPLETES

Students are eligible for incomplete grades only when they cannot complete a course for unavoidable reasons such as extended illness. Applications for one or more incompletes are submitted to the instructor(s) and the Registrar prior to the end of the term in which the incomplete(s) are requested. The instructor(s) will specify the requirements needed to complete the course. Students will be notified of approval or disapproval. An incomplete grade (I) is changed to F if the student does not complete the course within three months of the close of the semester.

NONTRADITIONAL CREDIT

Forms of Nontraditional Credit. Rochester College recognizes that many people approach higher education with prior experience or training that equates to college-level learning. Some students may take advantage of nontraditional opportunities to receive credit for prior training or experience that equates to college-level learning. Testing services (64 hours maximum), professional schools and training (30 hours maximum), and prior learning portfolio (30 hours maximum) may be counted toward college credit. More information is available from the Academic Services Office or the College of Extended Learning.

Nontraditional Credit Limitations. A combined maximum of 32 hours toward the Associate's degree or 64 hours toward the Bachelor's degree may be available through nontraditional avenues. Nontraditional credit may not count toward the 30-hour residency requirement.

Advanced Placement. High school students may take the Advanced Placement Examination. The College awards credit for some freshman courses based on AP scores of three, four, or five. Rochester College does not assess grades or fees on Advanced Placement credit.

Credit by Examination. Credit may be granted for comprehensive exams taken in place of specific courses. No test credit is granted for audited courses, courses previously failed, courses taken at the time of examination, prerequisite courses to a course already completed, or non-enrolled students. A \$50 fee is charged for each exam taken for credit. Students may obtain from the Registrar an application and policy statement for credit by exam.

College Level Examination Program (CLEP). Rochester College offers credit for successful completion of any of the CLEP exams listed below. Students must attain the CLEP standard passing score to receive credit. In addition to the standard testing service fee, the College charges a fee for posting qualifying scores. Students may not seek CLEP credit for courses which they failed in regular attendance or by examination.

Rochester College offers CLEP examinations in fall and winter. Students must register and pay for the exam one month prior to the exam date. Students may take CLEP exams at other testing centers at any time. CLEP general exams in English composition, humanities, natural science, and social science and history must be taken no later than the first test date following enrollment as a freshman. Contact the Director of Career Guidance and Assessment for CLEP information and registration.

Prior Learning. Students may receive credit for an evaluation portfolio of prior college-level (non-experience) learning that demonstrates balance between theory and application. A faculty member from the appropriate discipline evaluates prior learning to determine whether it should count as academic credit. Each evaluation incurs a fee.

Prior learning credit may be awarded upon completion of 12 hours at Rochester College or transfer of 30 accredited college hours. To graduate, students must submit evaluation portfolios prior to the last full semester before graduation.

REGISTRATION

Students are expected to register for classes by the semester registration deadline. A student's registration may be voided if he or she does not attend one of the first two meetings of class. Late registration is permitted through the end of the first week of classes each semester. Satisfactory payment arrangements are required to complete the registration process.

REPEATING COURSES

Students may improve final course grades by repeating courses. All grades appear on a permanent academic record but only the last grade for a repeated course is counted toward graduation requirements and cumulative GPA. Repeated courses incur a regular tuition charge.

TRANSCRIPTS

Each transcript request incurs a \$5 fee. Transcripts will not be released unless student accounts are paid in full and the Business Office grants approval. Government student loan authorities may place liens against transcripts for students who fail to comply with requirements. Students must sign a written authorization for transcript releases.

Degrees

DEGREE PLANNING

Each student is personally responsible for completing all requirements listed in his or her degree plan. Academic advisors assigned by the College help each student manage the responsibility of meeting those requirements. Students may choose a degree plan from any Rochester College catalog published during their most recent enrollment. The equivalent of one year (30 hours) of full-time work at Rochester College is required to earn a degree. Students should declare their major by the beginning of their junior year.

Students who plan to transfer to another college to complete a major not available at Rochester College should provide their academic advisors with a catalog from the other institution. Advisors need information on unique degree requirements of other institutions early in the planning process. The student, however, is solely responsible for knowing all degree requirements for both schools.

GENERAL REQUIREMENTS

To earn a degree, students must meet the following requirements in addition to the courses required by the Bachelor's degree program:

1. Complete a minimum 120 semester hours, including at least 36 hours of upper-division work.
2. Achieve a minimum 2.00 cumulative GPA.
3. Complete at least 30 of their last 36 credit hours at Rochester College.
4. Complete at least 12 hours of their major core at Rochester College.
5. Demonstrate college-level writing proficiency by performing one of the following: Complete ENG 1123 at Rochester College with a grade C or above, pass the English Qualifying Exam after completing 60 hours of course work which includes ENG 1113 and 1123 (exam limited to two attempts), or complete ENG 1133 with a grade C or above.
6. For the Bachelor of Religious Education degree, complete two liberal-arts minors to meet state requirements. Some programs include both minors in the general education and support courses. In other programs, one minor is student-declared and the other is included in the general education and support courses. Other minors are available through concurrent enrollment or from prior academic work at other institutions. Such minors require a minimum 18 credit hours, including six hours of upper-division courses, and must be approved in advance by the Academic Services Office. Single courses may not count for toward both a major and a minor.

TECHNICAL DEGREE OPTIONS

The Bachelor of Science (BS) degree with a major in interdisciplinary studies allows students to select two areas of study from a variety of degree concentrations. Technical fields are available through cooperative studies at neighboring institutions. Concentrations at those institutions range between 24 and 50 credit hours. Students take one or two technical classes per semester in addition to Rochester College courses.

Students must take courses in the first concentration, selected from the list below, at a neighboring cooperative institution. Any one of these technical fields may be used to meet one of the two required areas of study for the interdisciplinary studies major at Rochester College.

Architecture	Exercise Science and Technology
Automobile Servicing	Fine Arts/Visual
Aviation Management	Fire Science
Business Information Systems/ Administrative Assistant	Gerontology
Ceramic Technology	Graphics and Commercial Art
Civil Technology	Health Care Administration
Climate Control Technology	Industrial Lab Test Technician
Computer Aided Design and Drafting Technology	Industrial Sales and Marketing
Computer Hardware Engineering Technology	Industrial Supervision and Mgt.
Computer Service Technician	Interior Design
Construction Technology	Languages
Culinary Arts/Hospitality	Photography Technology
Electronics Technology	Retail Fashion and Buying
	Robotics
	Vehicle Design
	Web Design

Options for the second concentration, to be taken at Rochester College, may be selected from the list below.

Communication	Mathematics
General Science	Music
History	Professional Writing
Literature	Psychology
Management	Religion

To enroll in a cooperative program, students must submit a form to the Academic Services Office. The Rochester College Enrollment Services Office provides complete degree outlines. Students receive the Bachelor's degree in interdisciplinary studies from Rochester College upon completion of requirements at both institutions. Cooperative institutions provide certificates for many of the technical concentrations.

GENERAL EDUCATION CORE

Students must complete a general education core to receive the Bachelor's degree from Rochester College. Acceptable substitutions are listed on page 16 for transfer students holding the Associate's degree. Transfer student variations in the Christian Values Requirement are listed on page 37.

General education requirements for the Bachelor's degree are:

DEPARTMENT of ART

MISSION STATEMENT

The Department of Art strives to create an appreciation of various modes of creative expression. Recognizing the creative talents that God has granted to each person, the department is designed to meet the needs of the art major as well as the individual who seeks personal development through artistic creation.

ACADEMIC OPPORTUNITIES

Art courses meet Rochester College general education requirements and serve as a platform for students pursuing a major or minor in art. Cooperative degree options allow students to complete one of two concentrations in a specialized field related to art. Available concentrations include Fine Arts/Visual and Graphics and Commercial Art. See page 45 for details.

CAREER OPPORTUNITIES

Graduates who have a background in art may pursue occupations in education, art design, interior design, museum administration, art collection directorship, and other specializations in the fine arts.

COURSE DESCRIPTIONS

ART 1413 Introduction to Drawing and Composition. Visual fundamentals as expressed through drawing and composition. Includes image formation, rendering techniques, and compositional theory and problems. Emphasizes the elements of art: line, shape, value, texture, space, and color.

ART 1423 Freehand Drawing and Composition. Explores various drawing media. Studio work in drawing and composition problems. Emphasizes individual creative expression. Prerequisite: ART 1413 or instructor permission.

ART 2003 Art Appreciation. The world's great visual art from ancient to modern times. Uncovers great artists' motives by seeking to understand the historical context in which each artist lived and worked. Includes brief introduction to art principles that define great works.

ART 2443 Two-Dimensional Design. Design principles used to organize compositions in a two-dimensional format: Balance, harmony, variety, dominance, and rhythm. Useful in several related areas of study, including academic preparation for career fields like publishing, drafting, and architecture.

DEPARTMENT of BIOLOGY

Bachelor's Degree Options in Biology

BS Major: General Science (certification only)	p. 109
Concentration: General Science	p. 93
Minor: General Science	p. 51

MISSION STATEMENT

The Department of Biology encourages an awareness of the tremendous impact that biology has on lives and careers.

ACADEMIC OPPORTUNITIES

Interdisciplinary studies majors may pursue a general science concentration. Department courses also meet general education requirements and provide a basis for several science majors.

CAREER OPPORTUNITIES

Graduates with a background in biology may pursue careers in research, nursing, medicine, environmental biology, and many other scientific fields.

DEGREE REQUIREMENTS

General Science Minor. Requires eight hours of BIO lab courses; eight hours of CHE or PHS lab courses; and two hours of any BIO, CHE, or PHS.

COURSE DESCRIPTIONS

BIO 1002 Environmental Science. Current environmental issues that contribute to understanding mankind's responsibility for the earth's resources. Includes acid rain, greenhouse effect, and toxic waste.

BIO 1012 Biological Science I. Topics from BIO 1014 for non-science majors. Meets first nine weeks of semester. Lecture only.

BIO 1014 Biological Science I with Lab. Cellular structure and function, cell division and reproduction, genetics, metabolism, and development. For non-science and beginning majors. Three hours lecture and three hours laboratory weekly.

BIO 1022 Biological Science II. Topics from BIO 1024 for non-science majors. Meets first nine weeks of semester. Lecture only.

BIO 1024 Biological Science II with Lab. Plant and animal anatomy and physiology, ecology, and evolution. For non-science and beginning majors. Three hours of lecture and three hours laboratory weekly.

BIO 1102 Nature Study. Ecology and identification techniques for plants and animals. Meets first nine weeks of semester.

BIO 1124 Zoology. Major phyla of the animal kingdom, including the basic principles of comparative anatomy, physiology, morphology, behavior, and ecology. Three hours lecture and three hours laboratory weekly.

BIO 2114 Human Anatomy and Physiology I. Structure and function of the muscular, skeletal, nervous, and endocrine systems, and how they work together to support the human body. Supplementary topics include cell biology and histology. Three hours lecture and three hours laboratory weekly.

BIO 2124 Human Anatomy and Physiology II. Structure and function of the circulatory, lymph, respiratory, digestive, urinary, and reproductive systems. Supplementary topics include electrolyte, acid/base, and fluid balance. Three hours lecture and three hours laboratory weekly.

BIO 2313 Nutrition. Principles of nutrition, metabolism, food values, and requirements for maintenance and growth, with applications for the home economics and health occupations major.

BIO 2314 Science Foundations I: Chemistry and Life Science. Designed for elementary teachers. Atoms, molecules, and matter. Also, plants, animal life, genetics, the food cycle, changes in digestion, and ecosystems. Three hours lecture and three hours laboratory weekly. Prerequisite: MAT 1003.

BIO 3213 General Ecology. Basic ecological concepts with lab covering experimental designs and research methods used to study and interpret data. Biomes, community interactions, population dynamics, energy, and material flow. Two hours lecture and three hours laboratory weekly.

BIO 3324 Microbiology. Fundamental concepts of microbiology with emphasis on the morphology and physiology of microorganisms. Includes applications of microbiology in medicine, food preparation, and industry. Three hours lecture plus three hours laboratory, weekly. Prerequisite: Grade of C or better in BIO 1014 or BIO 1124, or instructor permission.

BIO 3413 Genetics. Structure and function of DNA, genes, gene expression, inheritance patterns, prokaryote and eukaryote chromosome structure, and modern gene technology.

MISSION STATEMENT

The Department of Business strives to provide a quality program in an atmosphere that challenges and enriches students, while preparing them to be successful in graduate studies or a career. Collaboration with the business community helps assure an education that is both practical and valued by employers. A commitment to biblical principles is integrated throughout the department.

ACADEMIC OPPORTUNITIES

Students who seek the Bachelor of Business Administration degree may choose a major in accounting, computer systems management, management, or marketing. The BBA provides a broad base of business training and the opportunity to focus on a particular discipline. A business concentration is also available under the Bachelor of Science degree in interdisciplinary studies. Minors in business, management, and marketing are also available.

CAREER OPPORTUNITIES

The Rochester College BBA and BS pay big dividends. Whether it's at a *Fortune 500* multinational or a small business of their own, professionals who hold the BBA or BS are well-prepared to succeed in modern business. The Rochester College business program prepares students for careers in accounting, computer systems management, management, or marketing. A required business internship provides practical development and useful network contacts that lead to the right job after graduation.

DEPARTMENT of CHEMISTRY

Bachelor's Degree Options in Chemistry

BS Major: General Science (certification only) p. 109

Concentration: General Science p. 93

Minor: General Science p. 51

MISSION STATEMENT

The Department of Chemistry strives to provide courses meeting the first two years of a chemistry major or minor, courses applicable to the general education science requirement of Rochester College, and partial requirements for the general science concentration of the Bachelor of Science degree in interdisciplinary studies.

ACADEMIC OPPORTUNITIES

Chemistry courses contribute to the interdisciplinary studies major and general science concentration, part of the Bachelor of Science degree program. Chemistry courses meet the science requirement of the general education core and provide entry-level course work for chemistry majors and minors.

CAREER OPPORTUNITIES

Graduates with a background in chemistry may play essential roles in several science-related fields such as medicine, nursing, chemical research, pharmacy, veterinary science, engineering, and environmental science.

COURSE DESCRIPTIONS

CHE 1514 College Chemistry I. Theory and quantitative principles of chemistry: Stoichiometry, atomic and molecular structure, gas law, thermochemistry, and solutions. Three hours lecture and three hours lab, weekly. Pre/Corequisites: MAT 1323 or MAT ACT of 24 or above.

CHE 1524 College Chemistry II. Continuation of CHE 1514. Includes equilibria, precipitation reactions in aqueous solutions, kinetics, acids and bases, oxidation-reduction reactions, coordination compounds, nuclear chemistry, and a brief introduction to organic chemistry. Three hours lecture and three hours laboratory, weekly. Prerequisites: Grade of C or better in CHE 1514 and MAT 1323 or above.

CHE 1534 Introduction to Organic and Biochemistry. Organic and biochemical principles and their application to chemistry of living systems. Three hours of lecture and three hours a lab each week. Prerequisite: CHE 1514 (minimum grade of C).

CHE 2514 Organic Chemistry I. Structure, reactions, mechanism, and synthesis in the field of organic chemistry. Three hours lecture and three hours laboratory, weekly. Prerequisite: CHE 1524.

CHE 2524 Organic Chemistry II. Continuation of CHE 2514. Reactions of aliphatic and aromatic compounds. Reaction mechanisms, multistep syntheses, heterocyclic compounds, amino acids, proteins, carbohydrates, and nucleic acids. Three hours lecture and three hours laboratory, weekly. Prerequisite: CHE 2514.

CHE 3514 Biochemistry I. Structure and function of proteins, carbohydrates, and lipids. Enzyme mechanisms, kinetics, and regulation. Bioenergetics and catabolism. Three hours lecture and three hours laboratory weekly. Prerequisite: CHE 2514.

DEPARTMENT of COMMUNICATION

Bachelor's Degree Options in Communication

BS Major: Communication	p. 66
Concentration: Communication	p. 92
Tracks: Media	p. 67
Speech Communication	p. 67
Theatre	p. 67
Minor: Communication	p. 67

MISSION STATEMENT

The Department of Communication provides programs and courses designed to enable students to think critically and to communicate clearly, effectively, and ethically. The department is committed to helping students strive for great thoughts and powerful communication. Since history reveals the dangers of combining persuasive communication skills with evil thoughts, the department is dedicated to providing a strong moral foundation for effective communication. Department courses and programs also promote the intersecting of faith and learning, acquainting students with the ways modern philosophies and popular thinking coincide and/or conflict with Christian thought. Students will be fully equipped with the skills necessary for a successful life in the home, church, and workplace, and will be prepared for the rigors of graduate school.

ACADEMIC OPPORTUNITIES

The Bachelor of Science degree is available with a major in communication and tracks in media, speech communication, and theatre. A concentration in communication is also offered as part of the interdisciplinary studies major. A communication minor may be included in any Bachelor's degree program.

CAREER OPPORTUNITIES

The world of work holds many opportunities for communication graduates, including public relations, human resources, media production, performance, and education. Communication proficiency is a personal asset that makes communication graduates attractive candidates for positions in many different fields outside the communication realm.

DEGREE REQUIREMENTS

BS with Communication Major. Provides a balanced overview of communication, media, rhetoric, and theatre in the foundational requirements and also allows for the selection of a specialized track in media, speech communication, or theatre.

DEPARTMENT of COMPUTER SCIENCE**Bachelor's Degree Options in Computer Science****BBA Major: Computer Systems Management..... p. 72****MISSION STATEMENT**

The Department of Computer Science serves the students of Rochester College by offering computer literacy instruction and skills development in computer applications which open doors of opportunity in many modern professional fields.

ACADEMIC OPPORTUNITIES

The Bachelor of Business Administration may include a major in computer systems management. Computer science courses develop basic proficiency in computer systems and technological skills for the 21st century workplace.

Students in the Bachelor of Science program may complete a concentration in a specialized technical field by participating in one of the cooperative degree options offered as part of the interdisciplinary studies major. Some of the concentrations featured in the cooperative program include computer-aided design (CAD) and drafting technology, computer hardware engineering technology, and computer service technician. Technical concentrations must usually be completed at a partner institution in conjunction with BS coursework at Rochester College. See page 45 for details.

CAREER OPPORTUNITIES

Computer systems management majors who earn the Rochester College BBA will be well-prepared to achieve success in several entry-level information technology positions. The computer systems management program builds proficiency in the application of technology to business disciplines, including information systems and management. Computer systems management students may choose from careers in business, technology, or the music industry. The BBA with a computer systems management major provides a great background for entry into a professional program.

The current economic slowdown has not affected the IT services industry, which continues to grow. Students who complete their BBA with a computer systems management major will be poised to benefit from this sustained growth.

BBA with Computer Systems Management Major. The computer systems management major provides specialized training in computer systems and management, along with the same business core required in the Rochester College BBA program. Students are exposed to essential business disciplines and an internship which allows them to apply classroom theory to “real world” situations. Many internships are available in the Greater Rochester/Rochester Hills area.

DEPARTMENT of EARLY CHILDHOOD

Bachelor's Degree Options in Early Childhood

Concentration: Early Childhood Education p. 93

Minor: Early Childhood Education p. 74

MISSION STATEMENT

The Department of Early Childhood strives to present a holistic view of child development, encompassing the mental, physical, and spiritual development of the child.

ACADEMIC OPPORTUNITIES

An Early Childhood concentration may be included in the interdisciplinary studies major in the Bachelor of Science program. An early childhood minor is available for majors in other fields of study.

CAREER OPPORTUNITIES

Graduates with a background in early childhood will be in great demand as the need for qualified professionals continues its strong growth in child care, day care, or preschool operations.

EARLY CHILDHOOD MINOR

The following 18 hours are required of early childhood minors:

- ECE 2413 Early Childhood Education
- ECE 2423 Curriculum Methods
- ECE 3113 Seminar in Child Care Management
- ECE 4443 Emerging Language and Literacy or,
ENG 3413 Children's Literature
- ECE 4893 Internship
- PSY 3203 Child Development

COURSE DESCRIPTIONS

Additional Courses. Early childhood courses are also offered by the College of Extended Learning. See page 146.

ECE 2112 Early Childhood Education Exploration. Professional duties in early childhood education. Students assist Rochester College Preschool and submit written reflections on observation and assigned readings.

ECE 2413 Early Childhood Education. The cognitive development of children from infancy through early childhood examined and applied to the use of space, materials, and personnel in providing a child with an optimal learning environment in group settings. Minimum of one morning per week in a child care center. Prerequisite: PSY 2223.

ECE 2423 Curriculum Methods. Methods and materials used to provide developmentally appropriate learning experiences for young children. Students will gain experience in organizing and evaluating the early childhood learning environment. Requires weekly experience in the Rochester College Preschool.

ECE 3113 Seminar in Child Care Management. Exploration and required observation in alternate early childhood education settings. Also, study of design and regulation of day care centers. Prerequisite: ECE 2413.

ECE 3413 Observation and Guidance. Development of appropriate child guidance techniques, importance of observation in evaluating children's behavior, and structuring the classroom to encourage pro-social behavior and foster self-esteem. Requires weekly experience in the Rochester College preschool.

ECE 4443 Emerging Language and Literacy. Development of listening, speaking, pre-writing, and pre-reading skills in a developmentally appropriate context. Identifies and examines practices and experiences useful for promoting competency and interest in reading and writing. Prerequisite: ECE 2413.

ECE 4533 Family Education and Advocacy. Family dynamics and parenting styles and their impact on the development of the young child. The effects of cultural and societal differences, including working with single parent families and special family circumstances. The role of the child care professional in educating and empowering the family.

ECE 4893 Internship. Intensive, supervised teaching in the Rochester College Preschool. Includes curriculum planning, portfolio assessment, parent conferences, and attendance at the state conference of the Michigan Association for the Education of Young Children. Pre/Corequisite: Completion of major course work and permission of instructor.

DEPARTMENT of EDUCATION

Bachelor's Degree Options in Education

Cooperative Programs: Elementary Education	p. 76
Secondary Education	p. 76

MISSION STATEMENT

The teacher education cooperative program endeavors to provide mastery of teaching concepts and skills derived from psychological and sociological principles as applied to theory and practice of educational techniques.

ACADEMIC OPPORTUNITIES

Rochester College will soon offer students the opportunity to pursue their teaching certification from the state of Michigan. Until then, students may participate in a cooperative education program between Rochester College and Madonna University of Livonia, Michigan. Madonna's education program is approved by the National Council for Accreditation of Teacher Education (NCATE) and the Michigan Department of Education. In keeping with state procedures, Madonna University currently is serving as the official mentoring institution to lead Rochester College through the application process while it develops its own education program. Further details about the Rochester College program will be available as the academic year progresses.

Currently, students may complete a Bachelor's degree at Rochester College in several major fields and then fulfill requirements for certification through Madonna University in compliance with Michigan Department of Education standards. During the mentoring process, Rochester College will assume the responsibility of teaching more education courses each year. While Madonna currently recommends credentialing to the state, that process eventually will transfer to Rochester College as well. Additional certifiable majors that presently are not offered by Rochester College are available through Madonna University.

CAREER OPPORTUNITIES

Graduates with elementary certification may teach all subject areas in grades K-5 or their major or minor disciplines in grades 6-8. Secondary certification allows graduates to teach grades 7-12 in their major and/or minor disciplines. A specialized endorsement in grades K-12 is available for art, music, and computer science majors.

DEGREE REQUIREMENTS

Education candidates must select a teaching major and minor, part or all of which may be completed at Rochester College. Madonna University stipulations may require a specific number of hours of the teaching major be completed at that university. Some of the professional education sequence, a core of courses for professional education, must be completed through Madonna University. Most professional education courses, however, are offered by Rochester College.

Students who plan to pursue a degree in education should declare their intent as early as possible to facilitate academic planning with an education advisor. Students who seek Michigan certification are responsible for meeting all requirements of the Michigan Department of Education and the State Board of Education, regardless of whether they are explicitly described in this catalog. Students who seek certification in other states should consult their education advisor early in their program.

The following teaching majors and minors are available in the cooperative program. Rochester College offers complete teaching majors in English, general science, history/social studies, and music education with more under development. Other majors are completed at Madonna University.

	elementary major	secondary major	minor
Biology	x	x	x
Chemistry	x	x	
Communication Arts	x	x	x
Computer Science		x	x
English	x	x	x
General Science	x		
History/Social Studies	x	x	x
Mathematics	x	x	x
Music Education	x	x	x
Natural Science		x	x

The state of Michigan requires teacher certification candidates to successfully complete the Michigan Test for Teacher Certification. Students should complete the Basic Skills Portion of the test upon commencement of their education courses. Rochester College education advisors will provide entrance requirements for the Teacher Education Program. Madonna University requires additional basic skills testing. The cooperative program requires a minimum 2.75 GPA for entrance and continuance. Students are required to take additional state tests near the end of their academic career.

DEPARTMENT of ENGLISH

Bachelor's Degree Options in English

BS Major: English	p. 80
Concentrations: Literature	p. 95
Professional Writing	p. 96
Tracks: Literature	p. 80
Professional Writing	p. 80
Minors: English	p. 81
Humanities	p. 81
Professional Writing	p. 81

MISSION STATEMENT

The goal of the Department of English is to enable students to develop written communication skills and critical thinking skills which will enhance their success in college and in their careers. Through literature courses, the department seeks to introduce the diversity of existing world views, the continuity of the human experience, and an appreciation for the history and spiritual values present in a study of literature.

ACADEMIC OPPORTUNITIES

The Bachelor of Science in English may include tracks in professional writing or literature. The professional writing track includes technical and creative writing, courses which prepare students to write for the media, publications, or for personal satisfaction. Students may certify to teach at the elementary or secondary level through cooperative programs. The interdisciplinary studies major features professional writing and literature concentrations. An English minor may also be paired with most majors.

CAREER OPPORTUNITIES

Careers available to graduates with a degree in English include education, journalism, technical writing, business, law, library science, and government service. Many employers value a liberal arts degree as a solid foundation for the world of work. The English major provides a better understanding of human nature and universal issues and truths, and helps exercise critical thinking skills.

DEGREE REQUIREMENTS

BS with English Major. Includes a track in Literature or Professional Writing.

DEPARTMENT of FOREIGN LANGUAGES

MISSION STATEMENT

The Department of Foreign Languages provides instruction in the French and Spanish languages. The department strives to introduce students to the language, culture, and heritage of French and Spanish speaking people.

CAREER OPPORTUNITIES

Organizations engaged in global business seek multilingual graduates to fill positions in business, banking, and finance. Multilingual communicators may find jobs as translators or teachers.

COURSE DESCRIPTIONS

Course Divisions. Courses in the Foreign Language Department are subdivided into French (FRE) and Spanish (SPA).

French Division

FRE 1214 Elementary French I. Basic vocabulary, grammar, and practice in understanding, speaking, writing, and reading French.

FRE 1224 Elementary French II. Vocabulary-building and complex grammatical construction. Stresses the spoken language and French culture. Prerequisite: FRE 1214 or three semesters of high school French.

DEPARTMENT of HISTORY

Bachelor's Degree Options in History

BS Major: History	p. 86
Concentration: History	p. 94
Minor: History	p. 87
Minor: Social Science	p. 87

MISSION STATEMENT

The Department of History strives to provide students with a deeper understanding of the world in which they now live by exploring the political, cultural, social, and economic life of the world's civilizations of the past. The Department of History also seeks to enrich students' understanding and knowledge of humanity's spiritual heritage in various periods of history. Finally, the Department of History offers guidance in historical research, writing skills, and critical thinking skills.

ACADEMIC OPPORTUNITIES

The Bachelor of Science degree may include a major in history, which provides a foundation for prelaw, graduate studies, or several career options.

Graduates from the BS program who major in history may earn teacher certification through a cooperative degree program. The combination of a history major and teacher certification allows graduates to teach social studies on the elementary or secondary level. A history concentration is available under the interdisciplinary studies major in the Bachelor of Science degree program.

A history minor may be combined with majors from other academic disciplines. History courses meet social science requirements in the general education core.

CAREER OPPORTUNITIES

The BS with a history major provides a foundation for careers in elementary, secondary, or post-secondary education, law, museum directorships, governmental service, archival work, historical research, and historical writing.

DEGREE REQUIREMENTS

BS with History Major. Students who plan to seek teacher certification in social studies should consult their academic advisor.

Mathematics.....	p. 95
Music	p. 95
Professional Writing	p. 96
Religion	p. 96
Sports Management.....	p. 96
Technical Fields.....	p. 96

MISSION STATEMENT

The Department of Interdisciplinary Studies seeks to provide a broader area of study than is typically available in most degree programs. The department addresses critical reasoning skills through the liberal arts core and provides an opportunity to study in more than one academic field.

ACADEMIC OPPORTUNITIES

The Bachelor of Science degree features a major in interdisciplinary studies and concentrations in behavioral science, business, communication, early childhood general science, history, literature, mathematics, music, professional writing, religion, or sports management. Technical concentrations are available through cooperative programs with other local colleges.

CAREER OPPORTUNITIES

Interdisciplinary studies majors enjoy a variety of career options. For example, the IS major with the right combination of concentrations may be used as a prelaw degree. The IS major is also an excellent choice for dual studies and vocational ministry preparation. The degree's liberal arts nature provides reasoning, speaking, and writing skills sought by many employers. The IS major serves as good preparation for graduate study.

DEGREE REQUIREMENTS

BS with Interdisciplinary Studies Major. Allows students to select two areas of study from several degree concentrations.

Students may complete both concentrations for the interdisciplinary studies major at Rochester College, or may complete one concentration in a technical area of study through cooperative programs. Cooperative institutions offer concentrations in several fields of study that range from 24 to 50 credit hours. Cooperative programs are described on page 45.

Requirements:

GENERAL EDUCATION CORE 51 credit hours

LIBERAL ARTS CORE 15 credit hours

Courses completed for this core must be divided among three liberal arts areas, not including courses from the two disciplines selected as concentrations to meet the below requirements. General education hours may not be used to meet this requirement. Nine of the 15 hours must be upper-division.

LIBERAL ARTS CONCENTRATION 24 credit hours

One concentration must be selected from the following options:

- Communication
- General Science
- History
- Literature
- Mathematics
- Music
- Professional Writing
- Religion

DEPARTMENT of MATHEMATICS

Bachelor's Degree Options in Mathematics

Concentration: Mathematics	p. 95
Minor: Mathematics	p. 97

MISSION STATEMENT

The mission of the Department of Mathematics at Rochester College is to increase the quantitative capabilities of students, to train them to think logically in preparation for other courses and situations in which mathematics are used, and to increase their confidence in their ability to perform mathematical functions.

ACADEMIC OPPORTUNITIES

Mathematics courses satisfy general education requirements in the regular and cooperative degree programs. The department also offers a minor and concentration in mathematics which applies to the interdisciplinary studies major in the Bachelor of Science program. Students may certify to teach elementary or secondary levels with a major or minor in mathematics through a cooperative program with a neighboring university.

CAREER OPPORTUNITIES

Many careers require analytical and critical thinking skills taught in mathematics. The importance of mathematics in many academic and professional fields means that many professionals must utilize mathematical skills on a regular basis. With a background in mathematics, students may pursue a wide range of career options in such fields as teaching, business, industry, and government service. Students may also choose to continue their studies with graduate work in such fields as mathematics, statistics, computer science, or economics.

DEGREE REQUIREMENTS

Mathematics Minor. Requires 12 hours of MAT above 1103, including MAT 2515 and 2524, and six hours of upper-division MAT.

COURSE DESCRIPTIONS

MAT 1003 Beginning Algebra. Basic arithmetic: Signed numbers and fractions, algebraic expressions, linear equations and inequalities, word problems, straight lines, 2x2 linear systems, exponents, operations with polynomials, and factoring. Required if Math ACT is 17 or below.

MAT 1103 Intermediate Algebra. Continues MAT 1003. Factoring, solving equations by factoring, word problems, rational expressions, complex fractions, proportions, absolute value equations and inequalities, compound inequalities, 3×3 linear systems, slope and equation of lines, functions, rational exponents and roots, quadratic functions and their graphs, and quadratic inequalities. Prerequisite: Minimum Math ACT of 18 or minimum grade of C in MAT 1003.

MAT 1213 Finite Mathematics. Linear functions, systems of linear equations, Gaussian elimination, Gauss-Jordan elimination, linear programming, sets and counting, probability, and applications. May include integer linear programming, graph theory, or finance math. Prerequisite: Minimum Math ACT of 21 or a minimum grade C in MAT 1003.

MAT 1312 Trigonometry. Trigonometric functions of angles, right triangle trigonometry, Law of Sines, Law of Cosines, Trigonometric functions of real numbers, trigonometric graphs, trigonometric identities, inverse trigonometric functions, and applications. May include complex numbers, DeMoivre's Theorem, or vectors. Prerequisite: Math ACT of 25 or above, or grade of C or better in MAT 1103.

MAT 1323 College Algebra. Equations, inequalities, relations, functions, graphs of functions, composite functions, inverse functions, polynomial and rational functions, exponential and logarithmic functions, systems of equations, Gaussian elimination, and partial fractions. May include conics, sequences, summation notation, geometric series, or mathematical induction. Prerequisite: Math ACT of 25 or above, or C or better in MAT 1103.

MAT 1335 Pre-Calculus. Combines various topics of MAT 1312 and MAT 1323 into one course. Prerequisite: Math ACT of 25 or above, or C or better in MAT 1103.

MAT 2213 Learning and Teaching Number Concepts. Principles of key mathematical concepts and their applications in a problem-solving environment. Includes number sense and numeration, whole number operations, fractions and decimals, computational algorithms, patterns, relations, functions, and informal algebra. Covers the materials, activities, and strategies appropriate to teaching elementary school math. Satisfies general education requirement for elementary education students. Prerequisite: Grade C or better in MAT 1003 or Math ACT of 18 or above.

MAT 2223 Learning and Teaching Geometric and Statistical Concepts. For elementary education certification: Properties of two- and three-dimensional geometric figures, similarity and congruence, common and metric measurement, introductory statistics, and probability. Prerequisite: Grade C or better in MAT 1003 or minimum Math ACT of 18.

MAT 2413 Elementary Statistics. Descriptive statistics, introductory probability, probability distributions, binomial and normal distributions, estimation, hypothesis testing, linear regression and correlation, and applications. May include multinomial experiments, statistical process control, or nonparametric statistics. Prerequisites: Minimum Math ACT of 18 or minimum grade C in MAT 1003.

MAT 2515 Calculus and Analytic Geometry I. Limits and continuity, differentiation and applications, integration and area, calculus of transcendental functions, and an introduction to applications of integration. Prerequisite: Minimum Math ACT of 27 and sufficient high school preparation or a grade of C or better in MAT 1335.

MAT 2524 Calculus and Analytic Geometry II. Continues MAT 2515. Further integration applications and techniques, L'Hopital's rule, improper integrals, infinite series, conics, parametric equations, and polar coordinates. Prerequisite: Grade of C or better in MAT 2515.

MAT 3534 Calculus and Analytic Geometry III. Vectors and the geometry of space, vector-valued functions, functions of several variables, and multiple integration. May include vector analysis and differential equations. Prerequisite: Grade of C or better in MAT 2524.

MAT 3613 Linear Algebra. Linear equations, matrices, determinants, vector spaces, inner product spaces, eigenvalues and eigenvectors, and linear transformations. Prerequisite: Grade of C or better in MAT 2524.

MAT 3623 Differential Equations. First-order differential equations, higher-order linear differential equations, Laplace transforms, systems of linear differential equations, series solutions, and numerical methods. Prerequisite: Grade of C or better in MAT 2524.

DEPARTMENT of MUSIC

Bachelor's Degree Options in Music

BS Major: Music	p. 101
Concentration: Music	p. 95
Tracks: Music Education	p. 101
Music Ministry	p. 101
Vocal Performance	p. 101
Minor: Music	p. 102

MISSION STATEMENT

The Department of Music exists to provide an aesthetic education for all students and to enhance the aesthetic awareness of the College community, its constituency, and the community. The faculty seeks to foster an attitude of service, and designs degree programs to prepare students to serve as professional musicians with a Christian perspective, and to prepare them for additional study in conservatories and graduate schools of music.

ACADEMIC OPPORTUNITIES

Students may pursue the Bachelor of Science degree in music with a track in music education, music ministry, or vocal performance. Students may also complete a music concentration for the interdisciplinary studies major, or a minor in music which may be elected to complement the Bachelor's degree.

CAREER OPPORTUNITIES

Music education students typically certify to become music teachers, choral directors, or band/orchestra directors at elementary and secondary schools. Music ministry students may become church worship leaders, music ministers, or seek employment in the Christian entertainment industry. The vocal performance track prepares students to pursue a career in professional singing and/or studio voice teaching. Professional singers may find employment in opera, music theatre, professional ensembles, radio and television advertising, church and community choirs, or the armed forces. Graduate study is recommended for aspiring teachers but advancement in other fields is often achieved through experience.

DEGREE REQUIREMENTS

BS with Music Major. May include tracks in music education, music ministry, or vocal performance.

Music Minor. Requires MUS 1211, 1213, 1221, 1223, and ten hours of MUS, including six upper-division hours and no more than two hours of ensemble.

Entrance Requirements. Before enrolling, music majors must successfully complete a voice or instrument audition and a theory placement examination which includes a keyboard component.

Additional Requirements. Each semester, music majors must attend scheduled recitals and participate in a music department ensemble. All music majors must pass a keyboard skills/basic piano assessment exam or achieve a grade of C or higher in MUS 3202 to graduate. Most students should take at least four semesters of piano before attempting the exam. The degree includes a senior seminar.

Program Notes. Music majors must complete 36 hours of upper-division credit which includes all course work. Students who opt out of a minor should choose electives from music courses in other tracks or from disciplines such as art, literature, theatre, or foreign languages. Students seeking teacher certification should select a minor appropriate to a teaching field. Music education students should expect no less than a five-year commitment, which includes teacher certification. A minimum 2.75 GPA is required for teacher certification.

Applied music (voice and piano) and ensemble courses may be repeated for credit. No more than six hours of ensemble credit may be applied toward a music degree unless specified in a track. Students who demonstrate sufficient piano skills may take MUS 3202 to fulfill two hours of the applied music requirement (major and minor instrument or voice). If MUS 3314 or MUS 3324 are taken to fulfill a portion of the general education requirement, those hours are replaced with electives.

COURSE DESCRIPTIONS

MUS 1011 Private Voice. Private vocal instruction. One hour of credit yields 12 half-hour lessons. Two hours of credit yields 12 one-hour lessons. Numbering accounts for study level and number of credit hours: e.g. MUS 2011, 2012, 3011, 3012, 4011, 4012. Prerequisite: Instructor permission.

MUS 1021 Class Voice. Voice training basics taught in a group setting. Students learn the physical and artistic skills for acceptable public performance. For beginning voice students and non-majors.

MUS 1031 Private Piano. One hour of credit yields 12 half-hour lessons. Two hours of credit yields 12 one-hour lessons. Numbering accounts for the level of study and number of credit hours: e.g. MUS 2031, 2032, 3031, 3032, 4031, 4032. Prerequisite: Instructor permission.

MUS 1052 Class Guitar. Hands-on instruction in beginning guitar methods. Development of lifelong skills for music and non-music majors.

MUS 1101 A Cappella Chorus. Choral ensemble performs from diverse repertoire that includes extended choral works, smaller works from classical and popular choral literature, and hymns, patriotic, and multicultural music. Daily rehearsal and extended touring required. Membership by audition only. Prerequisite: Permission of director.

MUS 1111 Chamber Chorale. Small, mixed choral ensemble chosen from among the A Cappella Chorus. Performs classical choral literature appropriate for a small ensemble. Some touring required. Membership by audition only. Prerequisite: Permission of director.

MUS 1121 Autumn. Contemporary a cappella choral ensemble. Repertoire typically includes contemporary religious music, vocal jazz styles, arrangements of spirituals, popular song adaptations, and hymn arrangements. By audition only. Prerequisite: Permission of director.

MUS 1131 Spectrum. Contemporary ensemble. Repertoire similar to Autumn, but may also include secular pop and show music. Membership by audition only. Prerequisites: Permission of director.

MUS 1141 Jazz Band. Small instrumental ensemble performs diverse jazz styles. Primary focus on *Celebration in Song*, with some community performances. By audition only. Prerequisite: Permission of director.

MUS 1151 Opera Workshop. Study and preparation of opera scenes for public performance. All aspects of performance production including makeup, set construction, lighting, role preparation, and acting. Prerequisite: Instructor permission.

MUS 1161 Community Choral Ensemble. Choral experience for non-music majors who are interested in singing but unable to meet A Cappella Chorus membership requirements. Students may arrange for membership in a suitable off-campus, community-based choral ensemble and receive one credit each semester. Subject to music department approval.

MUS 1171 Community Instrumental Ensemble. One credit per semester for membership in a suitable off-campus, community-based instrumental ensemble. Subject to music department approval.

MUS 1202 Basic Musicianship. Music reading and sight-singing fundamentals: Notation recognition and elementary aural skills. For non-music majors and music majors who require remediation based on entrance examination.

MUS 1211 Ear Training I. Entry-level study of aural skills; Interval recognition, sight-singing, and melodic dictation. Corequisite: MUS 1213.

MUS 1213 Theory I. Entry-level study of theory emphasizes written skills related to rudiments of music, including scales, keys, intervals, and rhythm. Corequisite: MUS 1211.

MUS 1221 Ear Training II. Continues MUS 1211. Triads and seventh chords, sight-singing in ensemble, and advanced melodic dictation. Prerequisite: MUS 1211. Corequisite: MUS 1223.

MUS 1223 Theory II. Continues MUS 1213. Part-writing and chord progression. Prerequisite: MUS 1213. Corequisite: MUS 1221.

MUS 2211 Ear Training III. Advanced study of aural skills. Includes harmonic dictation with more extended harmonies. Prerequisite: MUS 1221. Corequisite: MUS 2213.

MUS 2213 Theory III. Advanced theory, including modulation and extended chords. Prerequisite: MUS 1213. Corequisite: MUS 2211.

MUS 2221 Ear Training IV. Advanced aural skills, including atonality. Prerequisite: MUS 2211. Corequisite: MUS 2223.

MUS 2223 Theory IV. Continuation of MUS 2213. Complex modulation techniques, advanced chromaticism, and 20th century techniques. Prerequisite: MUS 2213. Corequisite: MUS 2221.

MUS 2303 Music Appreciation. Elements, forms, styles, and history of western music and an emphasis on developing good listening skills.

MUS 2403 Introduction to Music Education. Observation and study of elementary and secondary school music teachers.

MUS 2603 Sound System Technology. Setup, design, and operation of public address sound systems.

MUS 3202 Keyboard Harmony. Improvisation of simple accompaniment using keyboard instruments. Includes interpretation of implied harmonies. Grade of C or higher satisfies the keyboard skills examination required for graduation. Prerequisite: MUS 2223 and four semesters of piano recommended, or instructor permission.

MUS 3213 Form and Analysis. Structures and forms commonly used by composers of art music: Phrase structure and large forms including the fugue and symphonic forms. Prerequisite: MUS 1223.

MUS 3314 History of Western Music I. Development of Western art music from Greek and Hebrew origins through the early Baroque era. Supervised listening lab. Prerequisite: MUS 1223.

MUS 3324 History of Western Music II. Music from the late Baroque, Classical, Romantic, and Modern eras. Prerequisite: MUS 1223.

MUS 3403 Conducting. Basic conducting and rehearsal techniques for directing instrumental and vocal ensembles.

MUS 3503 Corporate Worship Design. Liturgical practice from historical and practical perspectives. Highlights effective design for modern worship assemblies.

MUS 3603 Foreign Language Diction. Latin, Italian, German, and French diction and their application to choral and song literature. Emphasizes use of the International Phonetic Alphabet.

MUS 3611/3612/3613 Topics in Music. Junior-level study of a specific topic related to the music field.

MUS 4203 Counterpoint. Contrapuntal voice leading from the 16th through the 18th centuries with focus on analysis and model composition. Prerequisite: MUS 1223.

MUS 4403 Vocal Pedagogy. Scientific and imagery-related techniques for teaching vocal production. Includes history of voice teaching.

MUS 4413 Instrumental Techniques. Playing techniques for string, woodwind, brass, and percussion instruments. Includes historical development of instruments.

MUS 4503 Hymnology and Church Music. Historical study of church music from the ancient Hebrews to modern times with an emphasis on congregational music.

MUS 4601 Senior Seminar in Music. Capstone course for all music majors. Includes preparation for post-graduation life and music program assessment. Prerequisite: Senior status.

MUS 4611/4612/4613 Topics in Music. Senior level study of a specific topic related to the field of music.

MUS 4623 Senior Recital. Preparation and performance of an hour-long recital. Required of performance majors. Prerequisite: Senior status.

DEPARTMENT of PHYSICAL EDUCATION

MISSION STATEMENT

The Department of Physical Education trains students to excel in team and individual athletics, develop lifetime fitness and mental wellness habits, and practice lifesaving techniques such as CPR and first aid.

ACADEMIC OPPORTUNITIES

Physical education courses and varsity sports meet the general education requirement.

CAREER OPPORTUNITIES

Physical education graduates may become elementary or secondary school teachers and coaches, physical therapists, athletic trainers, aerobics instructors, personal trainers, sports managers, and recreation directors.

COURSE DESCRIPTIONS

Enrollment Regulations. Activity courses or varsity sports may be taken more than once for additional credit in subsequent semesters. A maximum of one credit per varsity sport is permitted each academic year.

Activity Courses. Physical Education activity courses that count for academic credit include:

PED 1011 Individual Sports. Badminton, pickleball, golf, table tennis, bowling, and others.

PED 1021 Team Sports. Teamwork, communication, and principles of successful team-building. Includes floor hockey, flag football, volleyball, basketball, soccer, towel ball, speed ball, and team mat ball.

PED 1071 Conditioning. Proper conditioning techniques.

PED 2012 Officiating. Officiating methods and principles: Officiating objectives, conduct, conflict management, and psychology. Examines officiating techniques for baseball, basketball, football, soccer, softball, and volleyball. Some practical experience through intramural and intercollegiate programs (two credit hours).

Health Courses are required by some programs and count as elective credits but do not apply toward the general education requirement.

PED 2002 First Aid. American Red Cross Standard and Advanced First Aid Procedures. Includes National Safety Council exam.

PED 2003 Personal and Community Health and Safety. Personal and community health and safety. May be required for education majors.

Varsity Sports. Rochester College offers men and women several options for intercollegiate athletic competition. Varsity sports taken for academic credit satisfy general education requirements.

PED 2221 Varsity Baseball. Men.

PED 2231 Varsity Basketball. Men.

PED 2271 Varsity Soccer. Men.

PED 2421 Varsity Softball. Women.

PED 2431 Varsity Basketball. Women.

PED 2461 Varsity Volleyball. Women.

PED 2541 Varsity Cross Country. Men and Women.

PED 2641 Varsity Track. Men and Women.

DEPARTMENT of PHYSICAL SCIENCE

Bachelor's Degree Options in Physical Science

BS Major: General Science (certification only)	p. 109
Concentration: General Science	p. 93
Minor: General Science	p. 51

MISSION STATEMENT

The Department of Physical Science exists to provide entry-level physical science courses that introduce students to the elements of the physical world in which they live. The Department of Physical Science strives to enhance each student's appreciation for God's role in the creation and function of the physical world.

ACADEMIC OPPORTUNITIES

The Department of Physical Science offers a general science major for students who plan to seek state teacher certification. Also, physical science courses meet general education core requirements for all degrees at Rochester College. A physical science concentration is available to students majoring in interdisciplinary studies. A physical science minor may be combined with any academic major.

CAREER OPPORTUNITIES

Science majors may pursue careers in education, research, medical science, nursing, engineering, and many other scientific occupations.

DEGREE REQUIREMENTS

BS with General Science Major. Available upon the completion of all requirements for the Elementary (K-8) Provisional Teaching Certificate. Students who begin but do not complete the program for teacher certification must take another major to complete the degree at Rochester College.

COURSE DESCRIPTIONS

PHS 1002 Earth Science. Geology and meteorology, earth's composition, atmosphere, internal and external processes, and plate tectonics.

PHS 1004 Earth Science with Lab. Earth's composition, atmosphere, internal and external processes, plate tectonics, and place in the universe. Includes lab supplement.

PHS 2013 General Physics I. Fundamentals of mechanics, thermodynamics, and sound. Prerequisite: MAT 1335. Corequisite: PHS 2211.

PHS 2023 General Physics II. Magnetism, electricity, optics, light, and atomic physics. Prerequisite: PHS 2013. Corequisite: PHS 2221.

PHS 2211 Physics Lab I. Experiments with motion, mechanics, energy, thermodynamics, momentum, waves, and sound. Corequisite: PHS 2013 or PHS 2514.

PHS 2221 Physics Lab II. Experiments with circuits, electricity, optics, Bohr Theory, and magnetism. Corequisite: PHS 2023 or PHS 2524.

PHS 2324 Science Foundations II: Astronomy, Earth Science, and Physics. Basic science concepts primarily for pre-service elementary teachers. The solar system, earth's structure, and the laws and forces which govern earth and the universe as a whole. Three hours lecture and three hours laboratory weekly. Prerequisite: MAT 1003.

PHS 2514 Engineering Physics I. Classical mechanics and thermodynamics for science, mathematics, physics, or engineering majors. Prerequisite: MAT 2515, and prior or concurrent enrollment in PHS 2211.

PHS 2524 Engineering Physics II. Continuation of PHS 2514. Topics include electricity, light, and magnetism. Prerequisite: Grade of C or better in PHS 2514, and prior or concurrent enrollment in PHS 2221.

PHS 3004 Astronomy. History of astronomy, the solar system, classification and formation of stars, galaxies, and cosmology. Includes laboratory and observational investigations. Prerequisite: MAT 1103.

PHS 3114 Earth's Waters. Range of human understanding and interaction with water from seas, streams, lakes, groundwater, glaciers, precipitation, and the atmosphere. Emphasizes man's impact on water as a resource. Includes laboratory component.

PHS 3513 Modern Physics. Relativity, kinetic theory, quantization, atomic physics, molecules, solids, nuclei, and elementary particles. Prerequisite: PHY 2023 or 2524.

PHS 4612 Senior Seminar. Preparation and presentation of a scientific paper. Required for graduation; Taken in final six hours of the program.

PHS 4901/4902/4903 Topics in Science. Presentation of paper or project. Three credits maximum. Prerequisite: Instructor permission.

DEPARTMENT of POLITICAL SCIENCE

Bachelor's Degree Options in Political Science

Minors: American Legal Studies	p. 111
Prelaw	p. 111
Social Science	p. 87

MISSION STATEMENT

The Department of Political Science seeks to provide credible introductory and upper-division courses, and to create an environment that inspires discussion regarding the morality of public policies and outcomes of the legal system. All of the course offerings emphasize the historical and philosophical foundations of the American government. Legal courses stress the powers of common law courts to make law.

ACADEMIC OPPORTUNITIES

The general education requirement includes at least one political science course. American legal studies or prelaw minors may be combined with any major. Political science courses meet the social studies requirement for teacher certification.

CAREER OPPORTUNITIES

Preparation for a law career should include a content major (such as history, English, or interdisciplinary studies) and a prelaw or American legal studies minor. Education majors may certify in social studies.

DEGREE REQUIREMENTS

American Legal Studies Minor. Requires BUS 3303, 3313; and POS 2013, 2023, 2043, and 4013 or 4213.

Prelaw Minor. Requires BUS 3303, 3313; HIS 3523, 3533, 3543, or 3553; and POS 2023, 2043, 4213.

COURSE DESCRIPTIONS

POS 2013 National Government. American national political system and its interaction with, and impact on, business.

POS 2023 Introduction to the American Legal System. State and federal courts; the Constitution, statutes, and administrative rules as sources of law; jurisdiction and avenues of appeal in both civil and criminal cases. Students read and brief current and landmark cases.

POS 2043 Criminal Law and Procedure. Major constitutional issues in criminal law and how individual rights are protected in the system. Discusses complex legal issues in the administration of criminal justice in the United States and critical analysis of demands on modern criminal justice agencies and practitioners.

POS 4013 American Constitutional Law. Constitutional basis and dynamics of the Supreme Court's lawmaking power. Students read and brief landmark cases. A research paper outlines major constitutional cases regarding abortion, civil rights, or presidential powers.

POS 4213 Substantive Criminal Law. Roots of society's relation to the law and historical and philosophical concepts. Details statutory and case law.

DEPARTMENT of PSYCHOLOGY

Bachelor's Degree Options in Psychology

B.S. Majors:	Behavioral Science	p. 114
	Psychology	p. 115
Concentration:	Behavioral Science	p. 91
Tracks:	Counseling	p. 114
	Social Work	p. 114
Minors:	Behavioral Science	p. 116
	Counseling	p. 116
	Psychology	p. 116
	Social Science	p. 87
	Social Work	p. 129

MISSION STATEMENT

The Department of Psychology supports majors designed for the student planning graduate work in psychology and other related fields. The curriculum is designed to develop strong skills in the theory and practice of the science of psychology, with an emphasis on dealing with the emotional, mental, social, and spiritual needs of others.

ACADEMIC OPPORTUNITIES

Rochester College offers the Bachelor of Science degree with a psychology major or behavioral science major, which includes tracks in counseling and social work. Interdisciplinary studies majors may choose a behavioral science concentration as part of the Bachelor of Science degree. Minors are available in behavioral science, counseling, psychology, and social work.

CAREER OPPORTUNITIES

A major in psychology or behavioral science may lead to entry-level jobs in crisis intervention centers, counseling clinics, community service agencies, or other social agencies. These majors may also be used to prepare for graduate studies in psychology, psychotherapy, professional counseling, or social work. The psychology major also supports graduate work in experimental, applied, academic, theoretical, or professional psychology (clinical, counseling, or school psychology, or marriage and family therapy).

DEGREE REQUIREMENTS

BS with Behavioral Science Major. Features tracks in counseling or social work. Both tracks include practicums in the student's chosen field of study. Graduate studies normally are required to certify for practice in most agencies and for licensure as a private therapist.

Minors:	Biblical Languages	p. 123
	Biblical Studies	p. 123
	Religion	p. 123
	Youth and Family Ministry	p. 123

MISSION STATEMENT

The Department of Religion and Bible provides formal instruction in the Bible and religious topics in order to encourage all students to pursue Christian faith, values, and service, and to prepare certain students for a vocation in Christian ministry.

ACADEMIC OPPORTUNITIES

The Bachelor of Religious Education degree supports formal preparation for Christian ministry or advanced instruction in biblical studies. Available majors are biblical studies, Christian ministry, or youth ministry. Christian ministry majors may select a track in either preaching or youth and family ministry. A concentration in religion is available under the interdisciplinary studies major of the Bachelor of Science degree program for those interested in vocational ministry or a non-biblical languages degree plan. Minors are offered in biblical studies, biblical languages, religion, or youth and family ministry.

CAREER OPPORTUNITIES

BRE graduates are well-prepared for several roles in Christian ministry. Common ministerial opportunities include preaching, local ministry, youth ministry, missions, and teaching. Graduates also find jobs at Christian youth camps and senior care facilities. The BRE provides a foundation for graduate studies in religion.

DEGREE REQUIREMENTS

BRE with Biblical Studies Major. Foundational courses feature textual Bible, historical and doctrinal religion, Hebrew, and Greek. The biblical studies major provides maximum flexibility in course selection for students with a variety of interests including those who plan to seek biblical studies at the graduate level or teach religion at a Christian institution. This major also benefits students who want to increase their Bible knowledge while engaged in liberal arts studies at the Bachelor's degree level.

DEPARTMENT of SPORTS MANAGEMENT

Bachelor's Degree Option in Sports Management

Concentration: Sports Management p. 96

MISSION STATEMENT

The Department of Sports Management prepares students to pursue careers in sports management.

ACADEMIC OPPORTUNITIES

The Bachelor of Science degree program features the interdisciplinary studies major with a concentration in sports management. Students who choose to pursue the BS with a sports management concentration may also choose one additional concentration which compliments the training featured in the sports management program. For example, a business concentration combined with sports management could lead to a career in sports marketing.

CAREER OPPORTUNITIES

Students who earn the BS with an interdisciplinary studies major and a concentration in sports management may find opportunities for careers in sports public relations, sports promotions, fund-raising, ticket sales, event marketing and planning, sports information, and business management.

COURSE DESCRIPTIONS

SMG 2283 Practicum in Sports Management. Supervised sports management experience allows students to explore career options, observe sports management settings, and apply classroom knowledge to “real world” situations.

SMG 3003 Sports Marketing. Basic marketing concepts in the sports industry including exploration of sports as a product and the sports consumer market.

SMG 4113 Risk Management and Legal Liability. Legal liability and risk in sports management.

SMG 4223 Principles and Practices of Sports Administration. Sports administration concepts and the four tracks of sports administration: commercial, professional, intercollegiate, and scholastic. Students develop contact networks and portfolios.

College of Extended Learning

MISSION

The mission of the College of Extended Learning is to extend the mission of Rochester College by making post-secondary education available to the adult learner. This education is characterized by academic excellence, life relevance, and Christian foundation.

OVERVIEW

The College of Extended Learning (CEL) designs its programs to meet the needs and schedules of adult learners. Courses in the accelerated Bachelor's degree completion programs and accelerated Associate of Arts program are available on evenings, weekends, on-line, or by directed study.

The CEL distinguishes adult learners from traditional students, who immediately go to college after high school. While the CEL and traditional program share the same objectives, CEL students enjoy the opportunity to make immediate use of their education in their daily lives and careers.

The CEL faculty consists of full-time instructors along with working professionals who share their "real world" experience on a part-time basis. Instructors abide by ethical and Christian principles and expect the same from their students.

DEGREE OPPORTUNITIES

The CEL offers its programs at Rochester College's main campus in Rochester Hills, the Macomb Community College University Center in Clinton Township, and the Mott Community College University Center in Flint, Michigan. For more information, call the CEL at 248.218.2222.

- BS with a counseling psychology major (page 142-143).

Mott University Center Offerings:

- BS with an early childhood major (page 143).
- BS with a business communication major (page 144).

PROGRAM FEATURES

Program Design.

- Each Bachelor's degree program requires 120 semester hours, total (123 semester hours for the business communication major).
- Each Bachelor's degree program requires 75 semester hours of foundation credit: General education, technical, occupational, and elective courses (87 hours for the business communication major).
- Each Bachelor's degree program curriculum is 45 semester hours (36 semester hours for the business communication major).
- The AA requires 62 semester hours and may apply toward foundation requirements for a Bachelor's degree program.

Program Schedules.

- Classes meet once per week in four-hour blocks on evenings or Saturdays.
- Courses meet for eight weeks.
- Each of the three semesters per year consists of two eight-week sessions.
- An accelerated schedule helps CEL students finish their programs much quicker than is possible in a traditional program.
- Evening classes usually meet 6-10PM.
- Saturday classes usually meet 8AM-12PM or 12:30-4:30PM.

Program Length. The length of time it takes to finish the CEL program depends on how many credits the student transfers from other schools and the pace he or she chooses. As few as three hours or as many as 18 hours may be taken each semester. Students who have completed the foundation requirements (see degree requirements) may finish the Bachelor's degree program in as few as 12 months if they assume a full schedule each semester for their specific program.

Students may complete the AA degree faster than the normal two-year time frame depending on how many credits they transfer from other colleges and how many courses they take each semester. Students who do not transfer any college credit may complete the AA program in as few as 18 months. Students may enter the AA program to meet Bachelor's degree foundation requirements, earn the AA degree, or both.

ADMISSION REQUIREMENTS

The College of Extended Learning has developed academic programs that serve the needs of adult learners. The characteristics of adult learners are carefully considered in the design of CEL programs.

Regular admission to the College of Extended Learning is granted to students who are at least 23 years of age or have three or more years of full-time work experience, and have a high school diploma with a minimum grade point average (GPA) of 2.00 or a GED with a minimum score of 50. Transfer students must have a minimum GPA of 2.00 to be regularly admitted.

Regular admission to the University Center Programs is granted to graduates of the host community college who have a minimum GPA of 2.00.

Students must have at least 45 credit hours to be admitted into a Bachelor's degree completion program. Adult learners who have less than 45 credit hours may be admitted to the accelerated Associate of Arts program to fulfill this requirement and/or work on additional foundation credits.

NOTE: To be admitted to either the early childhood program or the criminal justice minor programs, applicants must be currently employed in either the early childhood or law enforcement fields, respectively.

Provisional admission may be granted if a student is under the age of 23 and otherwise meets the minimum academic standards through demonstrating that his or her primary life identity has moved beyond that of a traditional student. To be provisionally accepted, students must document work and life experience supporting their application to an accelerated adult program. A range of factors may be considered, such as independence

from parents, prior work experience, current employment, prior academic performance, marital status, children, etc. Provisionally admitted students must finish foundation credits through the Associate of Arts program prior to being accepted into a Bachelor's degree completion program.

Provisional admission with academic alert status may be granted to the Associate of Arts program if a student meets all other requirements but does not meet the required GPA for regular admission. Completion of three courses with a grade of C or better will allow the student to be placed on regular enrollment status.

ACADEMIC AND GENERAL POLICIES

Attendance. Regular class attendance is a necessary prerequisite for success in college studies. Thus, students are expected to attend classes regularly and punctually. If more than 30 percent of a course is missed for any reason, then it will be necessary to drop the course and take it at another time. Failure to drop a course with more than 30 percent absence will result in a grade of F. NOTE: Only two absences are allowed in an eight-week course.

Christian Values Requirement for Accelerated Degree Programs. Religion courses are essential to the degree programs offered by Rochester College. The CEL Christian Values Requirement (CVR) is as follows:

- Accelerated Associate of Arts Program 6 hours
- Accelerated Bachelor's Degree Program 6 hours minimum

The CVR for the accelerated Bachelor's degree program depends on how many hours a student transfers from another college (see chart below). The minimum CVR is 12 hours for students seeking both the AA and the Bachelor's degree. NOTE: *Courses taken to meet the CVR for the AA degree may not be applied to the minimum CVR for the Bachelor's degree.*

credits transferred	CVR
0-29	12 hours
30-59	9 hours
60+	6 hours

Course Load. Accelerated programs require a concentrated effort to meet course objectives. The average CEL course load is between nine and 12 hours per semester. Students may take as few as three hours or as many as 18 hours per semester. The Dean of the College of Extended Learning must approve course load that exceeds 18 hours per semester.

Dual Enrollment Policy. Rochester College recognizes the increasing number of adult learners who are pursuing degrees offered through the College of Arts and Sciences. This policy impacts adult learners who wish to take courses from both the College of Extended Learning and the College of Arts and Sciences.

- 1 The designation of “traditional student” or “CEL student” is determined by which college the student is pursuing a degree through (*i.e.* College of Extended Learning or College of Arts and Sciences).
- 2 Traditional students are eligible to enroll in a course in the CEL program only if they meet all of the CEL’s regular admission requirements. CEL students may enroll in traditional courses with the restrictions outlined in this policy.
- 3 Traditional students who take CEL courses will be charged the traditional student rate. CEL students who take traditional courses will be charged the traditional student rate.
- 4 Crossover enrollment is allowed on a *space available basis only*. The final determination will be made no later than the day preceding the start of the course(s) in question.
- 5 Crossover enrollment is not allowed in the core course of CEL’s counseling psychology program.

Honors. Graduates must complete a minimum of 45 semester hours of course work at Rochester College in order to be eligible to graduate with honors. The 45 hours must be actual courses taken at Rochester College and exclude credit earned through nontraditional provisions such as testing, professional schools, and training, and prior learning portfolio.

Nontraditional Credit. Rochester College recognizes that many people approach higher education already having a variety of experiences or training in their background which has given them skills, learning, and knowledge that is equivalent to college-level learning. Therefore, the College provides nontraditional avenues through which students can receive credit for those experiences.

Avenues of nontraditional credit at Rochester College include testing services, professional schools and training (30 hours maximum), and prior learning portfolio (30 hours maximum). Students may receive a combined maximum of 32 credit hours toward the Associate of Arts degree and 64 credit hours toward a Bachelor’s degree through nontraditional avenues. Credit granted through nontraditional provisions may not count toward the 30-hour residency requirement or the Christian Values Requirement. Credit granted through the submission of portfolios must be completed before the last full semester prior to graduation or the student will not be permitted to graduate.

On-Line and Web-Enhanced Courses. On-line and Web-enhanced courses are supported by the WebCT course management system. On-line courses support Rochester College academic programs and are not degree-bearing on their own merit. Students must have access to e-mail and the Internet to enroll in on-line or Web-enhanced courses.

Residency Requirement. Students must complete at least 30 credit hours at Rochester College for the Bachelor's degree or 15 credit hours for the AA. Students must also complete a minimum of 30 of the last 36 credit hours (for the Bachelor's degree) or the last 15 credit hours (for the AA) at Rochester College.

Registration and Course Drop Deadline. Eight-week courses may not be added after the second class meeting. Courses dropped after the second class meeting receive a grade of W (withdrawal). The deadline to drop a course is the day immediately following the fifth meeting of the course.

Student Housing. CEL programs primarily serve working adult students who commute to the Rochester College campus or a satellite. The College normally does not make on-campus housing available to CEL students. In special cases, the College may grant temporary on-campus housing to a CEL student on a space-available basis. In rare instances when a CEL student is granted temporary on-campus housing, he or she must adhere to all rules, regulations, policies, expectations, and financial obligations of traditional on-campus students.

Transfer Policy. The CEL accepts up to 47 semester hours for transfer into the AA program. Up to 90 semester hours may transfer toward an accelerated Bachelor's degree program. Official transcripts must be submitted for an evaluation of credit.

Upper-Division Requirement. At least 36 credit hours of upper-division work is required for any Bachelor's degree.

CEL TUITION AND FEES

The tuition and fee structure in the College of Extended Learning differs from the traditional program. Differences exist because the costs associated with administering and supporting nontraditional programs are substantially less than those required for the full infrastructure needed to operate and administer a residential campus for traditional students.

PAYMENT OPTIONS

Personal Payment. Payment is due on or before the first day of class. The College and College bookstore accept VISA, MasterCard, Discover, and American Express. Cash, checks, and money orders are also accepted. Credit card payments may be phoned to the cashier at 248.218.2051.

Semester Payment Plan. The student pays one-third of the total semester cost (minus financial aid) at registration, and the remaining balance in two equal monthly payments due on the dates listed below. A \$25 fee is charged each semester. Late payments incur a \$25 penalty. The payment plan may be unavailable to students with a history of late payments or a Rochester College account passed to a collection agency.

Fall Semester	Spring Semester	Summer Semester
August 17	January 4	April 26
September 20	February 20	May 20
October 20	March 20	June 20

Employer Reimbursement. Students who will receive employer reimbursement upon the release of final grades may defer payment. To receive a deferment, students must submit employer documentation (verifying eligibility) to the Business Office and promptly complete the employer's tuition assistance process so that timely payment will be made to the student's account. The Business Office may extend payment terms to five weeks after the release of final grades. Students with an outstanding balance may register for subsequent semesters if they submit their employer's reimbursement policy to the Business Office.

Tuition Voucher. Some employers submit direct payments to the College as tuition vouchers. Vouchers (or a copy of the voucher application) must be submitted to the Business Office by the day of registration. Students with outstanding balances must submit employer documentation to the Business Office before enrolling for subsequent semesters.

Macomb University Center Transfer Scholarship. Rochester College offers a transfer scholarship to students in the Macomb program. Eligibility is based upon cumulative GPA or ACT/SAT scores (2.75 minimum GPA), and successful completion of the scholarship application process.

GPA	ACT	SAT	Scholarship
2.75 to 2.99	24-25	1090-1150	\$250
3.00 to 3.24	26-27	1160-1220	\$500
3.25 to 3.49	28-29	1230-1300	\$750
3.50 to 3.74	30-31	1310-1380	\$1000
3.75 to 4.00	32+	1390+	\$1500

Past Due Accounts. The College will not release transcripts until all accounts are paid in full and Perkins Loan payments are current. Students with past-due accounts will not receive diplomas or letters of recommendation. Students with delinquent accounts (past due 20 days or more) will not be allowed to register. Nonpayment of delinquent accounts may result in suspension or placement of the account with a collection agency.

Collection Agency Placements. Accounts placed with a collection agency will be charged a 1.5 percent fee on each month of nonpayment, collection costs, and possible legal fees. The payee becomes responsible to the collection agency for all contact and payment arrangements.

REFUNDS

Students who drop one or more courses while still enrolled in other courses will receive a refund for the dropped course(s) based on the following table. Requests for course drops must be submitted in writing to the CEL Office. Financial aid may be affected by course load changes. Consult the Financial Aid and Business Office before dropping a course.

On or before the first class meeting	100%
After the first and before the second class meeting	90%
After the second and before the third class meeting	50%
After the third and before the fourth class meeting	25%
After the fourth class meeting	0%

The College uses the Federal Refund Policy to calculate all refunds for complete withdrawal from all courses. Students should note that some financial consequences of withdrawal may include adjustments in financial aid eligibility or personal responsibility for outstanding account balances. Contact the Financial Aid and Business Office before withdrawing.

SPECIAL COURSES

The following courses are offered for credit primarily in programs offered by the College of Extended Learning. Descriptions of other required courses for CEL programs are under the College of Arts and Sciences (page 49).

BIB 3813 Survey of Biblical Literature. An introduction and survey of the writings of both the Old and New Testament. In addition to exploring the contents of the writings, the course includes a review of the origin, historical setting, authorship, date, purpose of writing, and theological perspective of each sacred text. Special attention given to the development of the biblical canon and history of the English Bible.

BUS 3423 Studies in Economic Issues. Basic economic principles including a variety of relevant topics from both microeconomics and macroeconomics. Includes such issues as economic analysis, supply and demand, role of government, world economics, fiscal policy, monetary policy, externalities and market failure, factor and product markets, and business ownership and organization.

CRJ 3213 Criminal Justice/Public Safety Administration. Administrative techniques employed by law enforcement and public safety agencies to solve problems. Highlights current issues such as narcotics, traffic, sexual deviates, civil dissidents, and natural and military disasters.

CRJ 3613 Police and Community Relations. The role of criminal justice personnel in responding to community needs. Includes discussion about police influence on public opinion and their response to citizens in crime prevention, with an emphasis on politics, cultural influence, and minority purviews.

CRJ 4113 Strategic Police Policies and Operations. A capstone study and application of various police, security, and fire science activities of practitioners in those fields. Includes traffic accident investigations, community relations, defensive tactics, and related subjects with appropriate administrative procedures.

ECE 3303 Legal Issues in Early Childhood Education. General business law as it impacts both public-funded and private day care and other settings of early childhood education. Includes such relevant topics as contracts, torts, employment law, business forms, and their respective liability, reporting abuse and neglect, state and federal regulations, licensing, and compliance.

ECE 3323 Assessment of the Young Child. Examination, use, and interpretation of formal and informal measures used to assess the physical, emotional, social, and intellectual development and growth of a young child. Emphasizes developmentally-appropriate assessment instruments and alternative assessment procedures. Prerequisite: ECE 2413.

ECE 3343 Observation and Reporting. Various methods for observation of preschool children involved in daily classroom activities. Includes appropriate methods for recording observations of their behavior. The importance of observation in evaluation, parent communication, and classroom planning emphasized.

ECE 3433 Creative Arts for Young Children. Examination, rationale, and experiences in the creative use of art, music, movement, drama, literature, and storytelling. Prerequisite: ECE 2413.

ECE 4443 Emerging Language and Literacy. Emphasis on the development of listening, speaking, pre-writing, and pre-reading skills in a developmentally appropriate context. Identifies and examines those practices and experiences most useful for promoting competency and interest in reading and writing. Prerequisite: ECE 2413.

ECE 4533 Family Education and Advocacy. Family dynamics and parenting styles and their impact on the development of the young child. The effects of cultural and societal differences, including working with single parent families and special family circumstances. Focus on the role of the child care professional in educating and empowering the family.

ECE 4613 Special Needs Children and Families. Issues faced by special needs children and the interventions that are available to them and their families. Special emphasis on parent-school communication and implications for planning in the classroom environment.

ECE 4623 Identifying and Serving the At-Risk Child. Family and societal characteristics that place a child at risk for academic or social failure. Parenting practices, economic issues, health care, and community resources available for young children and their families.

PLA 2101 Portfolio Development. Introduction to the development of a five-part portfolio for the purpose of writing prior learning essays that reflect work and life experiences equivalent to college-level learning. Defines and explains terms, and clarifies difference between life experience and college-level learning. Course provides assistance in selecting and developing essays for the purpose of petitioning for academic credit in specific academic areas.

PSY 3193 Infant and Toddler Development. Human development from prenatal growth through the toddler years. Major theories and research related to physical, cognitive, and socio-emotional development and the implications of those theories for parenting behavior and environmental planning.

EQUAL ACCESS AND OPPORTUNITY

Rochester College is committed to equal opportunity for all persons and does not discriminate in admissions, programs, or any other educational functions and services on the basis of race, color, creed, national origin, gender, age, veteran status, religion, or disability to those who meet admission criteria and are willing to uphold its values as stated in the Student Handbook. Rochester College is an equal opportunity employer and does not discriminate on the basis of race, color, creed, national origin, gender, age, veteran status, or disability. Rochester College, under federal guidelines and its Articles of Incorporation, may discriminate as to religion and adhere to religious tenets regarding the limitation of employment of women in certain preaching and ministerial roles.

Based upon this commitment, Rochester College follows the principle of nondiscrimination and operates within applicable federal and state laws prohibiting discrimination. As a recipient of federal financial assistance, Rochester College is required by Title IX of the Educational Amendments of 1972, as amended, to not discriminate on the basis of gender in its admissions policies, treatment of students, employment practices, or educational programs except as required by religious tenets held by the Churches of Christ. Inquiries regarding compliance with Title IX of the Education Amendments or any other equal access/equal opportunity law or regulation should be sent to Dr. Michael Westerfield, Compliance Coordinator at Rochester College.

Rochester College seeks to facilitate the intellectual and academic success of every student. Toward this end, the College will make reasonable accommodations for physical handicaps as well as for learning disabilities of students. Students must notify the College of any such handicaps and/or disabilities, and be willing to be tested in order to determine the most efficacious accommodations the College may provide.

CATALOG INFORMATION

Rochester College attempts to maintain the highest standards of accuracy with regard to the policies and degree programs outlined in this catalog. The College makes every reasonable effort to ensure that catalog changes are made known to students whose educational careers may be affected by such changes. Final responsibility for awareness of and compliance with codes of academic, social, spiritual, and moral conduct is the responsibility of the student. This document does not constitute a legal contract between potential employees, prospective students, or degree candidates. All persons who become members of the College community, either by enrollment or employment, should familiarize themselves with institutional regulations and abide by those regulations at all times.

Rochester College welcomes your feedback regarding this catalog. Please e-mail comments or suggestions to birwin@rc.edu or call 800-521-6010.
