DALNET DATABASE STANDARDS COMMITTEE

June 4, 1998

Wayne State University, SEL RM. 15

Present: Rex Dotson (DPL), Anaclare Evans (WSU/DALNET), Birong Ho (WSU, Chair), Adriene Lim (WSU/DALNET), Donna Roe (UDM), D. Kittendorf (MCC)

1. System Updates:

NOTIS 6.4.1.1:

A. Evans reported that it was a smooth process to implement release 6.4.1.1 during the Memorial Day weekend. A briefing document: DALNET NOTIS LMS 6.4.1.1 Briefing Document was distributed.

R. Dotson (DPL), shared sheets of authority records examples with the Committee members.

Horizon Migration:

A. Evans reported that various DALNET task forces have been selected to work on various issues related to Horizon Implementation. Each task force is working on a specific area and is recommending to the Steering Committee.

2. Minimal Level Cataloging Standard:

The Committee is still waiting for feedback from DALNET institutions. The final submission to Project Managers will be postponed until all members of the Committee have feedback from their institution.

3. DALNET Provisional Bib Standards:

The Committee reviewed the document and examined what areas should be revised. Provisional records are specific to the NOTIS environment. There is no equivalent in Horizon. The role of provisional records is taken by "fast adds" and order records.

4. ACRL 9th National Conference:

The topic - Database Standards Result in Improved Access in a Consortium Serving Diverse Populations was identified. D. Roe (UDM), A. Lim, and A. Evans will work together to write the abstracts. The Committee will review it for submission by June 15, 1998.

5. Next Meeting will be held

Thursday August 27, 1998 at 9:30 a.m. - 12:00 p.m. at WSU's Science/Engineering Library, Rm. 15
