Me again...

Would you add another assignment: Updating High School Penetration 2001 Data. This also goes to Katherine & Yolanda. Would you make this deadline for 11/8/02.

(Katherine & Yolanda: The way I see it, you will most likely have to verify the 2001 data to complete the 2002 report, but I'm giving you another week to finalize any loose ends while you are trying to wrap up the 2002 report....end of October let's see where you stand, and go from there :-)).

Hello Eileen,

We have been playing with the Michigan Department of Education website to see if we can find high school graduation data for the 2000-2001 academic year. Do you happen to know what website you have used in the past to obtain this information?

Noelle,

Are you available on Monday to discuss the High School Penetration Study? Is Richard (or whomever else you assign) available to discuss it? Let us know what your schedule looks like.

The first drafts of the scripts and the data collection sheets are attached, so that you will have the opportunity to review them prior to the meeting and discuss any questions that you may have.

Thanks.

Katherine and I have attached a tentative agenda for Monday's meeting. Since Richard worked on this project last year, there is room on the agenda for him (or Noelle) to address any issues or quirks with the study that we should take into account.

If you have any questions, comments, or additions, please let us know.

Thanks.

Subject: New Project - High School Penetration Report

Hello Katherine & Yolanda,

There is a new project coming your way - the High School Penetration Report. Katherine is the lead. This is an annual marketing piece. Please meet with Eileen (who knows the history of this report) for more clarity. Last years report never materialized, so people will be very interested in the major finding this go around.

Previous reports can be found here: I:\Marketing\High School Penetration Study

Strive for completion of report by Oct 11th, with data collection complete by end of Sept.

Enjoy!
Eleanor

Perhaps November But will see how it goes.

High School Penetration 2002 Outline

Project Description:

Examine trends in high school graduation levels in Oakland County schools (private & public) and the rate at which recent high school graduates enroll at OCC for the Fall 2002 Term.

- Five-year trends in graduation levels
 - Ten-year trends in graduation levels
 - Trend in number of graduates entering OCC
 - % of Oakland County high school graduates enrolling in OCC that coming year.
-

Helpful Information:

- List of school contacts can be found: I:\Marketing\High School Penetration Study\Data-Collection
 - Survey should already be formatted and in the I drive to contact the various schools – interviewers will gather data via telephone interviews.
 - There is ‘penetration’ syntax to pull out all FTIACs from Oakland County
-

Issues:

- Where is the scripts for surveys – they are not accessible.
- How to handle Alternative schools, Continuing Education, etc.

This popped up on my e-mail this morning. I don't know if either you are (is?) signed up for this service. I thought this report might be interesting in light of your high school penetration project.

Also, I was thinking about websites for further information. Try www.oakland.k12.mi.us. That is the Oakland County Schools site. They have a center for policy study which might be a source of more information.

Noelle,

Katherine and I are working on the High School Penetration Studies for 2001 and for 2002. Eileen indicated that Richard called the schools last year to obtain the necessary graduation data. We may need him (or whomever else you feel would be best suited for the project) to work on this project again this year. We are in the process of revising the scripts and the phone lists, and will set up a meeting with you and Richard (or whomever else you choose) either later this week or early next week.

Thank you.

Of these, how many have taken online classes at OCC?

- ⊛ Since the total number of students attending OCC from Livingston County over the past five years is a relatively small number (2,213), we can assume that the number taking online courses is also small. A cursory review of on-line students (taken from an Online Student Survey conducted in Winter 2002) shows none of the survey respondents (N=181) were from Livingston County. A more in-depth analysis of on-line student residency could be conducted given additional time.

MCCVLC enrollment by county and institution. (How many have taken online classes at other MCCVLC institutions?)

- ⊛ This data was not available and an MCCVLC Annual Report that might contain this information was also not readily available.

How many graduating high school seniors over each of the next four years in Livingston County? This data is not readily available; however, with further research this data may be available from the Michigan Department of Education and/or the Livingston Intermediate School District. **Oakland County?** The following information is taken from the OCC High School Penetration Report which gives statistics over the last ten years*.

High School Penetration Report

- data warehouse - EXCEL
 - public, private, alternative/community ed,
some GED info, but not reliable.
- ~~the~~ ~~Washington~~ Richard Ridge region - data entry issues & not all high schools were entered.
- Alternative & ^{community} Continuing Ed 7 counted as graduates of that.
 - Prorated based upon the # of students graduated from each high school in the district.
- Scripts - find out first day of school & avoid calling 1st day of schools.
- Richard did the calls last year.
 - 2 1/2 weeks to get through 1st time.
 - May need to get 2001 and 2002 surveys if information is not up on database.

Personal
Concerns

High School Penetration Report ~~4009~~

(A) Is the population in general or high school population larger in size anyway or are they about the same size? (Clarkston & other neighboring cities in Oakland County).

(B) What's the income level and social status for these areas on average.?

(C) What is the social make-up of Lamphere? Is it an industrial based city.?

(d) Could this be, b/c more students are/were choosing to enter 4 year institutions?

(E) Perhaps there is a connection btw. the influence of vocational jobs; the need of the economy @ this time?

(F) Some of the statements seem to contradict the other?

(G) Has the location of other institutions or community colleges been taken into account.

(H) Where is the raw data, surveys, etc.?

Personal concerns

- (I) Is there a set guideline as to a particular format for the report.
- (J) Will Yolanda and I need to develop a survey of some sort? How was the previous information obtained?
- (K) Who originally wrote this report?
- (L) What exactly are we looking for or trying to reveal w/ this report.

High School Penetration Study
Pre-Data Collection Meeting Agenda
August 19, 2002 – 2:30 PM

1. Issues encountered in previous years? Things to take into consideration. (Richard)
 - a. Did Richard end up calling all of the schools directly last year, or did he call the districts for some of the schools?
 - b. For schools that were listed as not having GED or Alternative Education programs last year, we should verify that is still the case this year.

2. List of Schools
 - a. Mercy and Groves – need both 2000-2001 and 2001-2002 data.
 - b. Everything else only 2001-2002

3. Scripts
 - a. Note: scripts are slightly different for Mercy and Groves
 - b. Mercy and Groves should be completed first

4. Timing
 - a. How long has it taken in the past for the first round of calls to be completed?
 - b. Anticipated timeline for call completion this year.

5. Other Issues/Concerns?

6. Next Steps

High School Penetration .

Issues
Previously
Discussed

- fax
- couldn't contact everyone
- "guesstimates"

Issues that Richard conveyed to Noelle via telephone on the morning of 8/19/02

- Public schools - people don't know who has the information, so it is difficult to obtain.
- Public schools - some people who don't know the number of graduates from alternative ed and GED programs often "guesstimate".
- Some people want faxes so they can fax the information back to us. (We developed a fax cover sheet)
- Jennifer is the interviewer on the project.
