ROCHESTER
UNIVERSITY

STAND
APART

Rochester University believes hospitality and integrity are defining characteristics of a distinctive Christian university.

We see you as a person created in the image of God. You're not just a name on a class roster or a number on an assessment report. You are a human being who belongs here!

We want you to come to RU so that you can discover your purpose and envision how that purpose unfolds in your life. We hope you will explore how your discoveries coincide with what God is doing in the world. We'll help you take your gifts and learned skills to use them productively in your life — both now and in the future.

Most importantly, we want you to use your degree to positively impact lives, communities and the world.
