Dear Nancy,

Along with the CER technology this Fall, ECD (Early Childhood Development) has been confirmed by professor Shelly Moss-Brooks. That is all to date.

Hello, Dr. Bob. I believe I have introduced myself via e-mail and met you at a recent meeting of the Credit versus Non-Credit committee.

I am wondering if a schedule of the 2003-04 CRC programs for review is available. We have been in contact with Ildiko Thomas about the Ceramic Technology review for Fall and am wondering if there are other program reviews scheduled for which we can prepare the data.

I look forward to working with you.

Degrees Trends Report  
Ceramic Technology (CER)  
1992-93 through 2001-02**

The Degree Trends Report is developed by the Office of Institutional Research based on data compiled from official college records which are submitted to the State of Michigan for IPEDS (Integrated Post-Secondary Education System) Annual Degrees Conferred Report. The Degrees Trends Report examines trends of OCC degrees, based on specific programs. The standard format offers information on certificates and associate degrees awarded. In the event that a given program offers only a certificate or an associate degree, information describing the other type of award will not be provided.

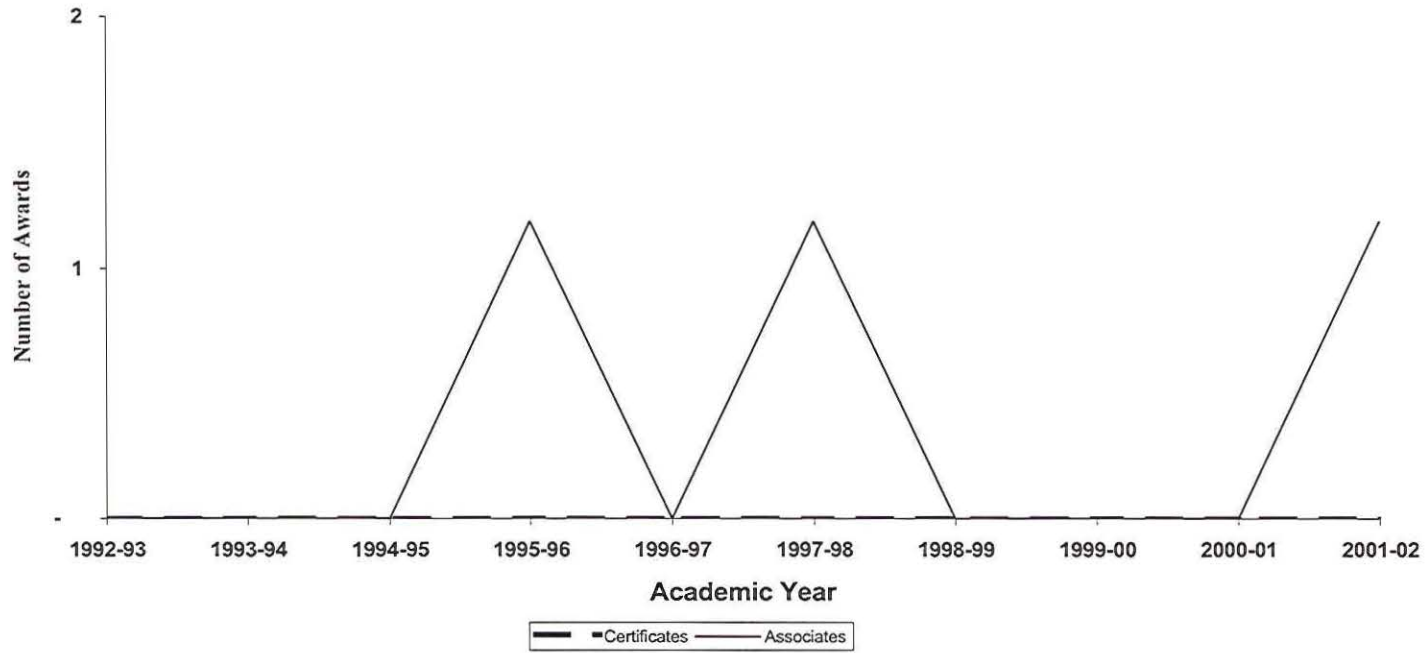

Trends over a specified period of time are illustrated by the following graphs for Ceramic Technology (CER)

- Ten year trend showing the annual awards conferred in Ceramic Technology
- Rate of change in annual awards conferred in Ceramic Technology
- The three year Moving Mean for annual awards conferred in Ceramic Technology
- Ten year trend in awards conferred collegewide.
