Dear Bro. Black:

The 10th Ave. & 21st St. Church of Christ has recently finished a building for a few colored members in Huntington and has assumed the financial obligation. Therefore, we are interested in securing a colored preacher to work among them.

You have been referred to us as one who might be able to give some information relative to a colored preacher by the name of Leroy Beck. We understand that he has been in Michigan. Also one Homer Black who a few years ago was in Fairmont, West Virginia. His last known address is 26816 New York, Ipkster, Michigan.

We are sorry to burden you with this as most preachers are pretty busy these days, but we feel this is very important that we secure one with unquestionable character. This is the starting of the work here in this respect.

We would appreciate any information you are able to send us.

Thank you.

Yours In Christ,

E. L. Pinkerton
