

The "Ever Readys"

This is a picture of the class taught by Sister H. H. Adamson, Vinewood Church, Detroit. Not all the class are here, but the larger part are. When the class is full there are about 75 members.

Sister Adamson also had a class of nearly one hundred at Woodsfield, O. For some reason wherever she goes the good sisters just naturally expect her to be a leader of their activities.

This picture is printed without the knowledge of either Brother or Sister Adamson, and is contributed by the members of the Men's and Women's Bible Class at Vinewood. The appearance of this picture is just as much a surprise to the Adamsons as it is to the member of the class and others.

Brother Adamson sent the photo to the publisher as a personal contribution to our art gallery but the publisher cannot refrain from printing some of Brother A's native humor. He wrote in part like this (and this is cheery reading in hot weather):

"The big Boss is second from right to left in front row with a white bib on. Vinewood's present enrollment is about 465, but 400 simon pure will about catch us. Sister Adamson does not know I'm writing this or sending the picture, but I'd like to know where there is another congregation of 400 members where there is a young married ladies class of 75. This class numbered about 15 when she took it 3 years ago."
