West Side Central Chapel Building In MCC's Future

The West Side Central church has been a vital part in the history of the churches of Christ in the Greater Detroit area for a long time. Many lives have been touched for good and the good works she has done will continue to be felt through generations to come.

Due to a variety of reasons, the congregation decided to cease its work at the Puritan and Ferguson Streets location and the members merge into other congregations. This decision having been made, the congregation then entered into a decision to give the proceeds of the sale of the property to Michigan Christian College for the purpose of erecting a Chapel Building on the campus. The resulting gift amounts to a principal sum of \$105,000. In that the principal amount is to be received over a period of time, the College will receive seven percent (7%) interest on the unpaid balance.

tion makes it possible for college officials to move forward in their plan to build a Chapel Building. No date has been set as of now for actual construction to take place.

The Board of Directors, at their Quarterly meeting held on April 15, 1972, moved "to accept the gift and to restrict the gift to the building of a Chapel Building on the campus of Michigan Christian College to be known as the West Side Central Chapel Building and that the chapel,

when completed, would be used in keeping with proposals set forth in Chancellor Palmer's letter to the congregation concerning the gift and use of the building."

The confidence shown by the West Side Central members and ministers in Michigan Christian College is greatly appreciated. The Board and Administration extends sincere thanks to them. This is another indication that MCC is looking to the future with confidence.
