President, David Lipscomb College,

Dear Bro. Ijams:

I am sure it will be of interest to you to learn that the Cause of New Testament Christianity is now 100 years old in the city of Detroit.

Appropriate observance of this encouraging fact is finding expression in a week of special meetings beginning Lord's Day, Nov. 16. The services will build up to, and taper down from -to some extent, the gathering on Thanksgiving Day morning, observed in Michigan this year on the 20th.

It is perhaps beyond our most sanguine wish to have you personally present with us at that gathering, but could you favor us with a word of greeting, and may we have your permission to record your name consequently in our Visitors' Register? We are

Most cordially and fraternally yours,

The Centennial Celebration Committee.
