**Resource Sharing in Southeastern Michigan:  
A Time for New Models**

DALNET, the Suburban Library Cooperative and the OWLS Region of Cooperation are collaborating on a new project focused on improved service to Southeastern Michigan Library patrons. This project will create a 'one stop shopping' approach to information using technology to link many library catalogs with easy access and prompt delivery of materials. Please join us for the kick off of this project. We are pleased to announce that Christie Pearson Brandau, State Librarian, will join us to share her views on multi-type library resource sharing. Also joining us will be Randy Dykhuis, director of the Michigan Library Consortium to discuss the work of the Action Team for Library Advancement Statewide.
