

Academic Senate Leadership Report

4/23/15

Technology Questions and Answers

- The Orchard Ridge Senate has shared a document with the Senate that contains IT-related questions to and answers from Vice Chancellor Bob Montgomery.
- Issues concerning printer security and personal office printers continue across the college. Please respond to your campus chair's request for documentation of your own issues.

I Mark Recommendations – 2/26/15

- The Senate passed a number of recommendations concerning the I mark in February.
- Senate Leadership has received no response from the administration to these recommendations.

Michigan Transfer Agreement

- Senate Leadership would like the campuses to consider two possible ways of moving forward with our conversations about the MTA.
- Proposal 1: Senate Leadership recommends the creation of three teams to investigate if and how the Business Administration, Liberal Arts, and Science Associate Degrees might be altered in order to align them with the Michigan Transfer Agreement.
- Proposal 2: Senate Leadership recommends that, instead of having separate General Education and Michigan Transfer Agreement distribution lists, there be a single General Education distribution list on which the courses that also satisfy MTA requirements be marked as such.
