High School Day features production of *The Fantasticks*

Hundreds of guests filled the campus on the weekend of November 10-11 for the fall drama production and High School Day. A choice between the regular Friday and Saturday night drama performances gave High School Day visitors an extra treat during their stay on campus.

Drama enthusiasts witnessed the production of *The Fantasticks*, a contemporary musical by Tom Jones and Harvey L. Schmidt. Two scheming fathers, played by Ken Lake of Matteson, Illinois and Ron Crooks of Flat Rock, Michigan, joined efforts to unite their son and daughter, portrayed by Al McClurg of Joliet, Illinois and Marie Harlick of Warren, Michigan. Other cast members included Clay Sturgeon of Martinsville, Indiana and Michigan students Jesse O'Conner of Auburn Heights, John Debelak of Skandia, and David Allen of Grand Rapids. MCC Admissions Counselor and Drama Coach,

Cheryl Knight, directed the production.

High School Day guests also enjoyed a full day of activity on Saturday in addition to the musical. Morning sessions included a chapel program, a performance by the MCC A Cappella Chorus, special informative sessions, and campus tours. After performances by Autumn and Brighter Days, guests moved to the Rochester High School Gymnasium for the first game of the basketball season.

The MCC Warriors faced the Scots of Ohio Valley College. The disappointment of a 68-73 upset was overcome by the excitement of enthusiastic fans and close competition between two sister institutions. Team captain, Terry McClain of Inkster, Michigan, led the Warriors in scoring with twenty-two points. Coach Garth Pleasant, a former MCC student and basketball player, began his third year of coaching at MCC with this season opener.

80% of student body averages over \$2,200 in financial aid

Figures released by MCC Director of Financial Aid, Kent Hoggatt, reveal that \$568,694 in financial aid has been awarded to MCC students for the 1978-79 academic year. Eighty percent of the student body is receiving aid, each student averaging over \$2,200.

Federal funded aid programs account for \$380,512 of the awards. Basic and Supplemental Grants make up well over half of this figure, while loans and work study complete the remainder.

Michigan residents are receiving \$150,162 in aid from State of Michigan funded programs. \$129,250 of this amount is grant aid available to state residents only when they attend a private school in Michigan. Over 38% of these recipients had an adjusted family net income between \$17,000 and \$26,000.

College sponsored programs, consisting of various types of achievement awards and scholarships, total \$36,470. All profits from the MCC Bookstore provide funding of these college sponsored scholarships.

Students interested in receiving financial aid for the 1979-80 academic year are encouraged to apply for aid during the months of January and February. More information about financial aid programs and application forms may be obtained from MCC.

Baxter Personal Work Series

Why and How To Be a New Testament Christian

A filmstrip series in a setting so realistic, it almost puts the viewer in the picture . . . for greater personal involvement and more effective teaching.

Batsell Barrett Baxter leads a young couple, with whom viewers can easily identify, through a personal discussion of three subjects (one filmstrip and tape each) vital to conversion:

- * Jesus: Great Man, Fraud, or Son of God?
- * The Bible: God's Plan for Our Salvation
- * The Church: How It Makes Us the Family of God

The messages emphasize what God and Christ have done for man, rather than what man himself does. This leads more directly to a personal confrontation with Christ and calls for a direct response of obedient faith by the viewer.

Dr. Thompson completes new math text

During the past summer, Dr. Travis Thompson completed his authorship of *A Brief Survey of Mathematics*, a new textbook he is using in his basic math courses this fall. The book, which includes a series of study questions, was written to meet the course needs of *Fundamental Concepts of Mathematics*.

Dr. Thompson, who holds a Ph.D. from the University of Arkansas, joined the MCC faculty last school year. As a graduate assistant, he taught at the University of Arkansas and College of the Ozarks. He has published two articles in a professional journal, *The Proceedings of the American Mathematical Society*.

Summer for Dr. Thompson also included participation in a workshop on nuclear technology at the Argonne National Laboratory. He was selected on a competitive basis from other applicants over the country.

Recently, Dr. Thompson attended the national meeting of the American Mathematical Association of Two Year Colleges. The program focused on methodology in teaching. In addition to his regular schedule of math courses, Dr. Thompson is currently offering a new course, *Math for the Elementary Teacher*.

Drivers now view a new *campus skyline* of Michigan Christian College as they pass down Avon Road. Recent completion of the Westside Chapel, located between the Campus Center and Gatewood Residence Hall, emphasizes the distinctive religious nature of MCC. The addition of this facility compliments eight other major buildings on a beautiful campus.

increase your Bible knowledge

MCC Monday School

Select the course of your interest. Each meets only one day a week (January 10 - May 4), yet offers a wealth of knowledge. Can be taken for credit or may be audited.

Mondays
1:10 - 4:00 p.m.

Biblical Interpretation. The basic principles of Biblical exegesis and logic. Special attention given to interpreting I and II Thessalonians. Ability to use lexicon required.

Mondays
7:00 - 10:00 p.m.

Hebrews. In depth study of the book of Hebrews. Attention to the greatness of the Lordship of Christ, the superiority of His gospel over the law, and the need to serve God faithfully.

Wednesdays
1:10 - 4:00 p.m.

Systematic Christian Doctrine II. A biblical and historical approach to the doctrines of the Holy Spirit, man, the church, eschatology, and related topics.

Eldred Echols, instructor. New MCC faculty member after 35 years of mission work in South Africa. Founder and former teacher in Southern Africa Bible School. Doctoral candidate of the University of Witwatersrand in Johannesburg.

Partnership Dinner VIII

May 19, 1979
Cobo Hall

When you wish to honor a departed friend or relative, you may do as many thoughtful people are now doing by sending a memorial gift to Michigan Christian College. Friends or family of those whose memory you have honored will be notified by a beautiful card.
