ITS STILL NOT TOO LATE...

TO DECIDE ON THE KIND OF SCHOOL PEOPLE HUNT FOR!

After his recent visit to the campus of Michigan Christian College for the North Central Association, one of the team members wrote, "I have thought about MCC many times since my return to campus. For a few days it was though I had found a lost civilization of peace, brotherly love, innocence and contentment in a world that has too little love, too many anxieties, too much criticism, too many pressures and far too little concern for God, The Grand Designer of the Universe. It would appear that you have indeed found the 'Keys to the Kingdom.'" He had discovered the sort of college that people hunt for every year, but often fail to find.

Now that you have finished high school, maybe for the first time the possibility of going to college sounds better...maybe you have all along been hunting for that distinctively different sort of school where YOU are important, but have not yet found the right place...maybe you thought you found the right place, but are now having second thoughts. Well, it is still not too late to choose Michigan Christian College for this fall! State Grants of up to \$1200 per year are still available to attend MCC...several Federal and institutional scholarships and awards are still waiting to be claimed...new applications for admission continue to come in almost every day.

If you're still not quite sure about your plans for fall, come visit our campus before deciding...but we warn you, it will spoil you! If you would like to receive more information about the unique opportunities of Michigan Christian College or would like to visit with one of our counselors, let us know your wishes by completing the card below and returning it to us or simply give us a call at (313) 651-5800. Don't miss what could be the most rewarding, exciting experience of your life!
