Wrap-Up

*We need
YOUR help to
finish the
building and
"PUT LIFE"
into its walls*

The recent rally held in the Michigan State Fair Coliseum furnished us with \$16,000 in cash. This helped to pay for the steel. Many Christians have pledged to invest in Christian education by giving a monthly sum. This amount, while much greater, will not be realized by the college for many months. The immediate need for cash to complete the building and furnish it is urgent.

Yes, your five dollars, which will pay for 80 bricks, along with the same amount from other Christians will complete the building and insure the opening of the school on September 14. Use the attached reply envelope. No postage is necessary.
