

KRESGE LIBRARY

January 30, 1986

Mr. James Williams  
Associate Director of Libraries  
Wayne State University  
Detroit, MI 48202

Dear Jim:

This is just a formal notification that I will not be serving as the OU Library Automation Project Manager beginning February 1, 1986 and for the next several months. As you know, Indra David, Associate Dean of the Library, will be assuming this role. Please make sure that all NOTIS/DALNET related material is directed to Indra. Her telephone number is 370-2474.

I will continue to attend the DALNET meetings so that I can keep in touch with your progress. It has been an eventful fall and I expect the next several months to be even more interesting.

Sincerely,

Eileen E. Hitchingham
