Minutes of the DALNET Acquisitions Task Force Meeting,
  May 23, 1991

Present: B. Heath, H. Ma, A. Salisz, C. Wecker, G. Marck

Absent: K. Zinterhofer, D. Paldan (with notice)

The following outline was developed during this meeting, with the
help of George Marck. Since Diane Paldan was not able to be
present, the outline for WSU is somewhat tentative.

Subsequently I talked with Diane and showed her this outline.
Her feeling is that, before we finalize any specifications for
Wayne, we need to talk about this with unit heads who may wish,
in turn, to talk with their staffs.

REQUIREMENTS FOR SERIALS LISTS FOR OAKLAND, WSU, AND DPL

I.   OAKLAND UNIVERSITY

   Pull by: location on the Copy Holdings Record (oukl,per)
   Arrange by: Main entry (alphabetical order).
   Include: Main entry and title (in caps. and out to
                  margin)
               Imprint
               Location (from Copy Holdings Record)
               Call number   subfields $\neq$b and $\neq$c
                             (no $\neq$v, no $\neq$k)
               NOTIS record number

               Do not include shelving title

      Oakland may want to include their periodical micros on this
   or a separate list, in which case the specifications will be
   different for this category. To be decided later.

II. WAYNE STATE UNIVERSITY

   Pull by: location on CHR (wspk,per   wsmd,per, etc.)
               or by Bib. level s, serial type p and n)
   Arrange by: Location first; then
               Main entry (alphabetical order)
                or "shelved as" (Science would like
               this option)
   Include: Main entry and title (in caps. and out to
                 margin)
               Imprint

Location, including ≠k subfield (no. ≠v)
"Shelved as" from VHLD
NOTIS record number

Diane's thoughts: can we also get a listing which picks up only
BN's and not cancelled or ceased titles?

III. DETROIT PUBLIC LIBRARY

Pull by: Bibl. level s and Classification type x.
Arrange by: Location
              Main entry (alphabetical order)
Include: Main entry and title (in caps. and out to
                margin)
              Imprint
              Location (no ≠k subfield)
              "Shelved as" from VHLD
              NOTIS record number
