Dear

Thank you for your work as a member of (as chair of) the DALNET Horizon Search Engine Task Force. This task force can now be retired. I appreciate the research and analytical work you did on the various search engines and the features available. The report you prepared was not only interesting, but also informative and detailed as well. A copy of your report has been sent to *epixtech* already. We will use the information in the report while preparing the DALNET functional requirements for the Children's OPAC. Your quick work and attention to detail are greatly appreciated.

Dear

Thank you for your work as a member of (as chair of) the DALNET Shared Patron Task Force. Your task force had a particularly difficult job in identifying the process for establishing a single shared patron ID that could be used by DALNET's diverse member libraries. You had to consider the technical, philosophical, and legal ramifications of the various options. Based on your work and extensive discussion with *epixtech* we have been able to identify what appears to be a workable solution. This task force can now be retired. The DALNET Circulation Committee will address future work on the shared patron file. Thank you for all the effort you put into this assignment.

Sincerely,

Scott P. Muir
DALNET project Lead
