**DALNET/Horizon StafPAC Displays Task Force  
Meeting Minutes  
September 10, 1998**

The DALNET/Horizon StafPAC Displays Task Force met September 10, 1998; 9:30-noon in the UDM MicNichols Library Conference Room.

Present: D. Roe (Chair), M.J. Durivage, P. Hammer, A. Lim, J. Pearson, B. Wadsworth.

The July 22, 1998 minutes were accepted as read.

A revised membership roster and Task Force Charge were distributed to members.

An announcement was made that the Task Force needs to make a report to the DALNET Steering Committee. It was agreed that, if possible, reporting should occur at the October 26, 1998 Steering Committee meeting. It is projected that the Task Force will have completed its charge by then.

It was noted that it is not practical to use the Task Force meeting time to look at or fill out Horizon Profile Forms. D. Roe volunteered to continue meeting with the members after the charge is completed in order to facilitate discussions about coming-up on Horizon.

The Task Force couldn't successfully explore the newly implemented UDM Horizon database (2 days old). Instead the Task Force used the meeting time to establish order for the indexes that will appear in StafPAC.

The next meeting is September 16, 1998; 9:00-noon at UDM McNichols Library.

Minutes submitted by D. Roe.
