

Documenting COVID-19 Experiences

at Macomb Community College

As part of a 2022/2023 Innovation Award, Macomb's Archive is documenting the experiences of students, faculty, staff and alumni during the COVID-19 coronavirus pandemic, to preserve for future generations.

We invite you to share your thoughts regarding how the pandemic has personally impacted you through stories, photos, videos or other documentation.

All experiences and stories are welcome!

The survey will cover a lot of ground, including: questions to help you tell your story, tips for recording video & audio, instructions on how to upload your files, as well as sharing how your information will be used.

Don't know how/where to start? Scan the QR code or enter the link to access the survey. Once you've recorded your story just return to the link, fill out the form, upload the files and click submit.

We may contact you to discuss the possibility of sharing your story via our forthcoming project website. We ask that you provide a current email address for this purpose.

If you have any questions, **please contact arm@macomb.edu**.

Thank you for helping Macomb's Archive preserve an important part of history!

Participation in
the project is easy...
