Joint Meeting: Information Hub Development Committee and Steering Committee
November 29, 2000
8:30-11:30
VA Medical Library

Background:
- The addition of the non-Horizon databases is shifting the focus of DALNET. Horizon is the foundation, but will no longer be the only component in the Im@gine System
- The move to having a DALNET Director gives us an opportunity to review our vision and recommit ourselves to new strategic directions

Outcomes:
- Determine how to clarify overlap between IHDC and SC
- Determine how to improve communication

Possible discussion points:
- Identify methods for coordinating work requests
- Identify methods for increasing member participation
- Identify methods to increase Project Managers participation
- Identify methods to gain more technical expertise on IHDC and SC
- Identify methods to coordinate grants process

Starting point:
- IHDC and SC describe their purview, goals, etc.
