DEDICATION

In presenting the Third Syrian Directory for the State of California, a prayer of gratitude to Him who makes all things possible, fills our heart and a spirit of love for our beloved countrymen and goodwill toward all mankind flows out from it. It is our sincere hope that this directory, which has meant so much labor and thought, will find a kindly reception in your hands.

To our Heavenly Father first, we dedicate our humble efforts; secondly, we dedicate this book to our loyal brethren and our esteemed friends.

ACKNOWLEDGMENT

We wish to express our heartfelt thanks to the advertisers, the donors of Compliments and to all others who have contributed in any manner toward making the 1932-1933 Syrian Directory a success. If it had not been for the splendid co-operation and willing assistance of our worthy advertisers, this directory would not be the encouraging production that it is. Therefore, we sincerely hope that our Syrian people will patronize the advertisers, which no doubt, will redound to our mutual benefit.

LOOKING BACKWARD

As we look backward now to the time before the issuance of our first Syrian Directory, and recall how little contact or acquaintanceship our people had one with the other, and then consider the change in this respect, which has been accomplished through the directory, we feel that our tireless effort has been abundantly worth-while.

If a man has an ideal and prayerfully devotes himself to bringing thought into action, he will evolve something worth-while. We had an idea; we devoted much thought to our ideal, and then brought our thoughts into action. We have evolved a directory for the Syrian people of California, which we feel is a genuine credit to all.

LOOKING FORWARD

May the future hold only good for our countrymen; may it hold much of devotion to the principles of our faith. May it mean a closer feeling one for the other and a burning desire to promote the welfare of the Syrians, not only of California but wherever they may be in this great and glorious land. We would not forget to wish a future filled with gladness for our beloved in the mother country. We would go still further and wish for every man, woman and child the world over a happier tomorrow with the Father of us all leading toward a better day.

EAT YOUR WAY TO HEALTH

—with—

DR. DAVID'S DELICIOUS HEALTH CANDY

Dr. David's Health Candy is a rich confection which contains all the vitamins necessary for bodily requirements, whether in eliminating waste or in building up the tissues.

This delicious candy, which contains the following body building and eliminating elements, possesses the energetic health solvent and building food of substantial value: Calcium, silicon, fluorin, potassium, sodium, iron, sulphur, phosphorous, chlorin, iodine, manganese, magnesium.

Dr. David's Health Candy is beneficial for children by supplying the deficiency in food necessary to build bones, nerves and muscles, and helps to strengthen the teeth.

Stout people will not gain in weight, as it only balances the chemicals of the diet.

Thin people will gain in weight, because it supplies the chemicals lacking in the blood to build up the body.

Especially beneficial to those afflicted with the following ailments: Asthma, Coughs and Colds, Putrefaction of the Bowels, Weak Lungs, Constipation, Stomach Trouble, Liver Ailments, Certain Heart Ailments and Gland Weakness.

This delicious confection is not an ordinary candy and contains only a small amount of sugar used in the chocolate covered coating.

The recipe was formulated after ardent study and research by Dr. T. H. David, Chiropractor and Dietitian.

For sale by the Chiropractic Health Clinic, 16th and Jay Sts., and The California Health Products Co., Box 573, Sacramento, Calif.

The French Hospital is located at 531 College St., is one of the oldest hospitals of the city, being incorporated in 1862.

There are two buildings, very modern and especially the new annex, which has bath and lavatory in each room, as well as radio and telephone connections.

The rooms are beautifully furnished. All nurses are graduates, and of high standards, giving the patients the best service and attention.

Ambulance service attached to hospital.
