"GUIDING AND GUARDING GROWING YOUTH"

BUDE H. LITTLE, PRESIDENT
737 E. Tennyson
Pontiac, Michigan 48055

October 31, 1967

Brethren:

A gracious Heavenly Father has, indeed, richly blessed M.C.Y.C.

According to the "old timers," the 1967 summer camping season was the best
in our fourteen years of operation! Note the following:

1. We had a total of 848 camper weeks involving 736 campers.
2. Adding staff and staff children raises the total to 1200 weeks.
3. Ninety-three different congregations were represented with fifteen
   campers coming from four out-of-state churches.
4. Fifty-three of our campers were from eight different denominations.
5. Staff represented forty-six congregations.
6. There were one hundred responses resulting in thirty-nine baptisms
   and sixty-one rededications.
7. During the last two weeks, a successful Personal Worker Workshop
   was conducted among the older young Christians. We think this is
   a FIRST in our brotherhood for using a camp setting!
8. It is a great pleasure to say once more, "Not this side of eternity
   shall we fully know the great good accomplished!"

By request of the board of M.C.Y.C., this letter is an effort to express in a
sincerely personal way its deep appreciation to each staff member and camper.
You were a vital part in accomplishing this great good. Without you, this would
not have been possible. Therefore, we simply say, "Thank you." For any
omissions or oversights of those to whom credit is due, we humbly apologize.

A year ago we earnestly appealed to you to help us by more adequately supplying
our need for qualified personnel. Your response was splendid. However, we
can still use MORE of your preachers, education directors, elders, deacons,
teachers, personal workers, counselors, cooks, and other essential staff
personnel. You are sending us your youth for which we are truly thankful! Will
you ALSO send us your staff personnel? Begin NOW planning for next summer!
