### North Central Stresses Missions

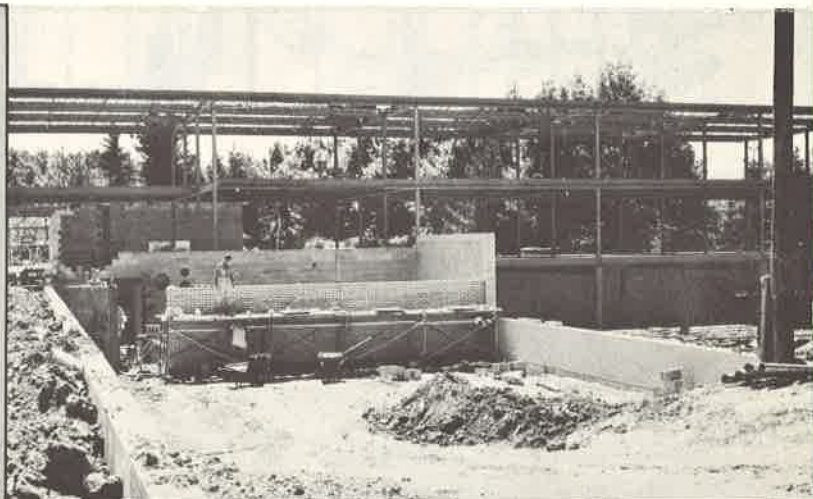

North Central Christian College in Detroit is not only a liberal arts junior college—it is more! In addition to freshman courses that will be offered beginning Sept. 14, 1959, an entire year of specialized training will be given to those planning to enter the mission field.

The following experienced missionaries will be teaching: Maurice Hall (8 years in France), Lucien Palmer (4 years in Nigeria), Dr. Howard L. Schug (22 years heading mission classes in A.C.C.), and Otis Gatewood (10 years in Germany). Special lecturers include: Dr. George Benson (China), A. R. Holton (Korea), E. W. McMillan (Japan, India), Irene Johnson (women's work in Germany and other mission fields), Epi Bilak (the Ukrainian).

Your five dollars will do more than pay for 80 bricks. It will help prepare the way for preaching the gospel to thousands who have never had the opportunity of hearing the message of Christ.

**AUGUST 1<sup>st</sup>**

**THE STEEL  
IS UP**

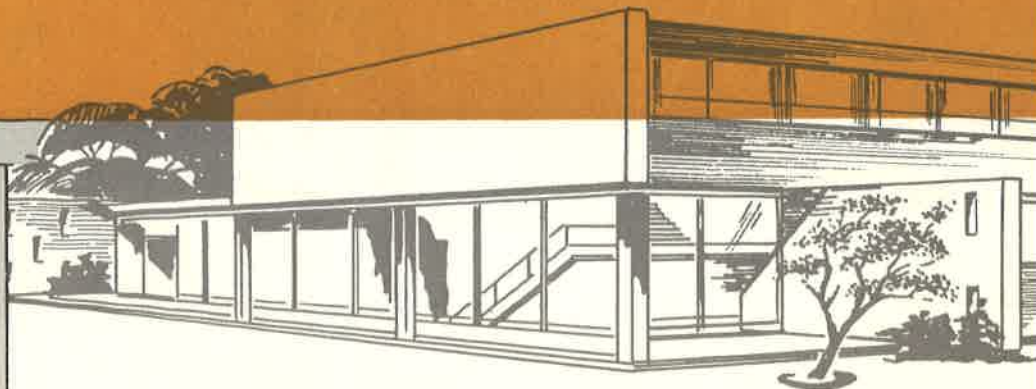

... construction is  
proceeding

according to schedule

The rally held recently at the Michigan State Fairgrounds Coliseum furnished us with \$16,000 in cash. This helped to pay for the steel.

Many more Christians have pledged to invest in Christian education by giving a monthly sum. This amount, while much greater, will not be fully realized by the college for many months. The immediate need for cash to complete the building and furnish it is *urgent*.

## A 5 DOLLAR CHECK FROM

would you  
like to...

### FURNISH A DORM ROOM?

Names of donors will be inscribed on a permanent plaque and mounted in the room for inspiration to young Christians for many future years. Cost—\$290.00

### COMPLETE THE SCIENCE BUILDING?

It is imperative that two lecture rooms be added to the science building before school opens in September. This beautiful building will be named in honor of the person, or as a memorial, who pays the cost of the additions. Cost—\$13,970.00
